 - recruitment and supervision of persons who work with children;
 - investigation of allegations concerning persons who work with children;
 - safety and welfare of children who are privately fostered;
 - cooperation with neighbouring children's services authorities;

- b. Communicate to persons and bodies in the area of the authority the need to safeguard and promote the welfare of children, raise awareness of how this can best be done, and encourage them to do so.
- c. Monitor and evaluate the effectiveness of what is done by the authority and Board partners individually and collectively to safeguard and promote the welfare of children, and advise on ways to improve.
