- Government Grant cuts have therefore reduced by **£25.5m in CASH terms since 2010/11. This equates to around £40m in real terms.**
- Proposed precept increase of 1.99% in 2017/18 as per Government's expectations, referendum limits and planning assumptions

What has happened to our Total Funding

Financial Summary

- Likely to have (roughly) the same money (in cash terms) for the 4 years from 2015-16 to 2019-20
- However costs are increasing, since 2015/16 these are:
 - Additional £1.6m in National Insurance charges
 - £1.6m for pay awards
 - £0.4m for the Apprenticeship Levy
 - General inflation
- We are using our reserves as well:
 - General Reserves to reduce from £9.6m (in 15-16) to £3.4m (by 2019/20)
 - Earmarked Reserves to reduce from £5.8m (in 15-16) to £1.7m by 2019-20

A Precept Increase for 2017/18?

- Current Council Tax/Precept Levels:
 - Band D £210.36 – 58 pence per day
- Impact of a 1.99% increase in 2017/18
 - An increase of around 8p per week for a Band D property.
 - Most households (around 80%) would only pay 5-7p more per week
 - Is in line with Planning Assumptions
 - Would provide funding of £0.6m per annum on a recurring basis across the financial plan.

Consultation

- Public Consultation on proposed 1.99% increase sought on the PCC's website.
- Consultation with local council and partners.
- PCC attended over 400 Local Meetings.

Protecting Vulnerable People

We will protect those most vulnerable by;

- Investigating and prosecuting on line sex offenders
- Protecting children subject to abuse
- Managing the increase in registered sex offenders
- Creating a dedicated investigation team for VEMT (vulnerable, exploited, missing and trafficked)

We will do this by;

- Working effectively alongside our partners to create multi agency teams
- Ensuring that officers focus on investigations by creating a central administration support hub
- We have deployed more full time staff and officers into the work of Protecting Vulnerable People

Incident Resolution Teams

We will intervene to protect and respond when the community needs us by;

- Maintaining a dedicated emergency response service
- Ensuring officers maximise their available time on the front line
- Increasing our ability to assess the threat and risk of harm for each call for service enabling proportionate responses

We have done this by;

- Ensuring that officers work when the community need us most
- Responding to a call for service based on the level of risk and harm
- Maximising our ability to manage calls for service without deploying an officer by creating a central Incident and crime management team
- Continuing to develop technology that enables officers to work remotely
- Reviewing shift patterns
