**Subject: Payments**

Thank you for your email.

As the employer of the individuals named in my FOI request you will of course hold the information requested. No doubt electronically stored.

I am aware that I am able to request a review of the response you provided. I therefore request a review of your response.

I am unsure as how to clarify my request other than to say that the information requested is the final settlement pension payments made as a result of the termination of their employment . Also any other payments found to be appropriate which were made to the people named in my previous email.

Regards
