Report of the PCC for Cleveland to the Police and Crime Panel

7th February 2023

Status: For decision

The 2023/24 Precept Proposal

1 Purpose

1.1 Legislation requires that I agree my budget and associated precept and basic council tax for the forthcoming year before 1st March each year. However before doing so I must notify this Panel of the precept which I propose to issue for the following year.

2 Recommendations

- 2.1 The Panel is asked to consider my proposal to set the Band D Police Element of the Council Tax within Cleveland for 2023/24 at £290.73. This is an increase of £15, or 5.44%, over the 2022/23 level.
- 2.2 The Panel is asked to support this proposal.

3 Reasons

- 3.1 The balance of the cost of the police service not paid for by central government is met by local taxpayers through a precept on their council tax. In Cleveland this will equate to about 26% of the overall income that I will receive in 2023/24. It is the responsibility of the four local billing authorities to collect this.
- 3.2 Legislation requires the precept for 2023/24 to be set before 1st March 2023 and that the first step in enabling this to happen is that I am required to inform this panel of my proposed precept by the 1st February 2023. Which I did by submitting this report prior to that date.

- 3.3 In making my proposal on the Police precept I have taken into account the following:
 - The views of the public of Cleveland
 - The financial impact on the people of Cleveland and the current financial environment.
 - The financial needs of the organisation as currently projected both for 2023/24 and in the future.
 - The limits imposed by the Government on a precept increase before a referendum would be triggered in Cleveland.
 - I have discussed my proposals with both the Chief Constable and engaged and consulted with the public on the options available to me.
- 3.4 <u>Autumn Statement and subsequent Precept Announcement</u>
- 3.5 On the 17th of November the Chancellor announced at the Autumn Statement that Departmental budgets would be maintained at the levels set out at Spending Review 2021.
- 3.6 After this the Minister of State for Crime, Policing and Fire wrote to PCCs setting out that: "*This government is committed to providing policing with the resources they need, and the Home Office will honour the increases in funding for PCCs announced at Spending Review 2021 to maintain officer numbers.*"
- 3.7 And that: "*I recognise the pressures faced by policing and have listened to those PCCs that requested a greater degree of flexibility when setting budgets.* <u>Therefore, I can confirm that the referendum limit for PCCs</u> <u>in England for 2023-24 will be £15 for a typical Band D property</u> and equivalent, raising up to an additional £349 million from precept income (on top of increases to core grant) using the latest forecasts, should all PCCs utilise the full flexibility. This is an additional £5 precept flexibility over and above the announcement made at Spending Review 2021"
- 3.8 Police Funding Settlement 2023/24
- 3.9 After this letter, the 2023-24 Provisional Settlement was announced on the 14th of December in a written statement by the Crime and Policing Minister, Chris Philip
- 3.10 Full details of the Settlement can be found on the Home Office gov.uk pages.
- 3.11 The Government announced that "*Overall funding for policing will rise by up to £287 million compared to the 2022-23 funding settlement, bringing the total up to £17.2 billion for the policing system. Within this, funding to Police and Crime Commissioners (PCCs) will increase by up to an additional £523 million, assuming full take-up of precept flexibility. This would represent an increase to PCC funding in cash terms of 3.6% on top of the 2022-23 police funding settlement"*

- 3.12 And that "Despite the pressures faced by all public services, we are still increasing funding into 2023-24 by providing forces with an increase to government grants of £174 million, £74 million more than announced at Spending Review 2021 (SR21), reflecting the commitments made earlier this year to support the 2022-23 pay award. By delivering on this promise, we are making sure that the police receive the funding they need to achieve and maintain their overall officer headcount, comprised of their agreed Police Uplift baseline plus their allocation of the 20,000 additional officers."
- 3.13 Core Funding
- 3.14 Based on the analysis released by the Government Core Funding to PCC's has increased by 3.6% in 2023/24, this however assumes that all PCCs increase their Precept by £15.
- 3.15 **The smallest increases** in core funding were seen in London at 3.0%, with **Cleveland** and Merseyside both at 3.1%. In contrast there are 5 Police Force Areas (Essex, Hertfordshire, Sussex, Thames Valley and Wiltshire) who could see increases in core funding of 4.3%.
- 3.16 <u>The Government calculate the increase in Cleveland</u> (including a £15 increase in Precept) to be 3.1%.

3.17 This is 0.5%, or £785k, lower than the National Average increase of 3.6% and 1.2%, or £1.9m, lower than those 5 Police Force Areas with the highest increases.

- 3.18 <u>What does the Government expect to be delivered with this additional</u> <u>funding?</u>
- 3.19 The Government have stated that: "... they have provided significant investment into policing over the previous four years, and so now it is only right that we hold forces to account on delivery. We therefore expect policing to approach the 2023-24 financial year with a focus on this Government's key priorities:
 - Ensuring overall police officer numbers are maintained at the agreed Police Uplift baseline plus force level allocations of the 20,000 additional officers.
 - Deploying these additional officers to reduce crime and honour this Government's commitment to keep the public safe.
 - Delivering improvements in productivity and driving forward efficiencies, maximising the value of the Government's investment."

3.20 What does this mean for Cleveland in 2023/24 in terms of Funding?

- An increase in of Core Police Grant plus Police Uplift Grant of £2,037k.
- Police Pension Grant remains at £1,324k
- 3.21 Based on the precept being proposed, of \pounds 290.73 for a Band D property, then the overall impact on the Core funding for the organisation is set to increase by 3.1%, or just over \pounds 4.9m, as set out in the table below:

Overall Government and Local Revenue F	Funding			
	2023/24	2022/23	(Increase)/Reduction	Year on Year Change
	£000s	£000s	£000s	%age
Government Funding				
Police Grant	(56,591)	(56,542)	(48)	0.1%
RSG/National Non Domestic Rate	(46,588)	(46,278)	(310)	0.7%
Police Officer Uplift Grant	(3,298)	(1,619)	(1,679)	103.7%
Council Tax Freeze Grant	(800)	(800)	0	0.0%
Council Tax Support Grant	(6,868)	(6,868)	0	0.0%
Police Pensions Grant	(1,324)	(1,324)	0	0.0%
Total Government Funding	(115,469)	(113,432)	(2,037)	1.8%
Impact of a £15 increase in Band D Prece	ot - 5.44% incre	ease		
Net Deficit on Collection Funds	304	198	107	
Council Tax Requirement	(46,608)	(43,599)	(3,009)	
Total Local Funding	(46,303)	(43,401)	(2,902)	6.7%
Total Government + Local Funding	(161,773)	(156,833)	(4,940)	3.1%

- 3.22 How does Cleveland compare to the National Picture?
- 3.23 If each PCC increased their precept by £15, combined with tax base assumptions, there will be an additional £349m of resources for policing from council tax alone.
- 3.24 Due to historic differences in council tax the proportion that £15 represents can vary significantly between force areas. The £15 increase means that Northumbria's percentage increase is 9.8%, followed by the West Midlands at 8% whereas, £15 represents a 4.7% increase for North Wales and a 4.9% increase for Gwent.
- 3.25 Assuming every force takes the £15 precept, the weighted average band D police precept in England and Wales would be £265.13. The proportion of funding raised through council tax differs significantly between forces. Northumbria's Council Tax makes up 19.3% of their total funding, followed by West Midlands at 20.7% and Merseyside at 23.4%.
- 3.26 Conversely, Surrey has 55.8% of their funding coming from Council tax, followed by Dyfed Powys at 52.4% and North Wales at 51.3%. On average, 35% of budgets are made up from Council tax, up from 34% last year.
- 3.27 A £15 increase in Cleveland would equate to an increase of 5.44%. This would be the 13th lowest percentage increase in England and Wales, which results from Cleveland having the 13th highest Policing Precept level in England and Wales and a current Precept level that is around 10% higher than the National average.

- 3.28 If each PCC took the £15 precept, the average band D police precept in England and Wales would be £265.13 (in Cleveland this would be £290.73) with an average of 35% of core funding coming from Council Tax (in Cleveland this would be 29%)
- 3.29 Government Funding for 2024/25 and beyond
- 3.30 The Government have indicated that policing will receive an extra £150m in 2024/25. This would equate to an increase of only 1.7%.
- 3.31 This will not be sufficient to keep pace with either pay or non-pay inflation.
- 3.32 It is worth noting that, in the days following the Autumn Statement, whilst addressing the Commons Select Committee, the Levelling Up Secretary Michael Gove announced a review of the council tax system. He and the Chancellor have asked Lee Rowley, Local Government Finance Minister, to review the operation of the council tax system. He is expected to report in the New Year.
- 3.33 In addition to this the new Policing Minister wrote to PCCs stating that "*I heard from PCCs and Chief Constables the need to update the police funding formula. I fully recognise that the current funding formula is outdated, and I am pleased to confirm our continued commitment to continuing the Police Funding Formula Review*"
- 3.34 And that "*I have asked Home Office officials to prepare for a first public consultation in early 2023. This consultation will set out the broad principles of the Review and consult on the purpose, structure and components of a new formula.*"
- 3.35 Top Slices
- 3.36 In 2023-24 the top slices total £1,114m, a £259.7m reduction over last year (£1,373.7m). The biggest changes to funding were an £83.2m decrease in Capital Reallocations and a £80m reduction in Police Technology Programmes.
- 3.37 Pensions Grant
- 3.38 Pensions Grant allocations remain unchanged from those in 2019-20. They have not been updated to reflect the new forecasts nor increased to reflect pay inflation and therefore additional costs and pressures have to be 'absorbed'.
- 3.39 Council Tax Legacy Grant
- 3.40 The Council Tax Legacy Grants relating to Council Tax Freeze grants from 2011-12, 2013-14, 2014-15 and 2015-16 as well as Local Council Tax Support (LCTS) funding remains separately identifiable in 2023-24. These have again remained flat cash settlements and therefore take no account of any changes for inflation or local need since they were awarded and is another area where additional costs are having to be 'absorbed'.

- 3.41 <u>Counter Terrorism</u>
- 3.42 The Minister announced a total of £1,002.2m for Counter Terrorism (CT) policing in 2023-24. PCCs will be notified separately of force-level funding allocations for CT policing, which will not be made public for security reasons.

3.43 Ministry of Justice Grants

- 3.44 PCCs have yet to be notified of their 2022-23 allocations for commissioning of victims' services and therefore allocations are assumed to be in line with last year.
- 3.45 In addition to the above it has been confirmed that £508k has been awarded to Cleveland to continue to invest in the 2 additional Independent Sexual Violence Advisor posts and 10.6 additional Independent Domestic Violence Advisor posts that were the subject of a successful funding bid from the PCC in 2021/22.

3.46 MTFP Assumptions

When the 2022/23 budget was set in February 2022 the forecasts were underpinned by the following assumptions:

- Pay Awards:
 - 2022/23 3.5% increase
 - 2023/24 2.5% increase
 - 2024/25 2.0% increase
- Precept: Increases of:
 - o 2022/23 £10, or 3.76%
 - 2023/24 £10 or 3.63%
 - 2024/25 £10 or 3.50%
 - 2025/26 £10 or 3.38%
- Tax Base increases of:
 - 2022/23 1.29%
 - o **2023/24 1.3%**
 - 2024/25 1.0%
 - 2025/26 − 1.0%
- Government Grants increases of:
 - 2023/24 − 1.2%
 - 2024/25 − 1.7%
 - 2025/26 2.0%
- Impact of Funding Formula review Nil

- 3.47 Clearly much has changed in the last year and therefore in line with good planning our assumptions remain under review and are updated with the best information available, and it is expected that the MTFP for 2023/24 and beyond will assume the following:
 - Pay Awards:
 - 2023/24 4.0% increase
 - 2024/25 2.0% increase
 - 2025/26 2.0%
 - Precept: Increases of:
 - \circ 2023/24 £15 or 5.44%
 - 2024/25 £10 or 3.44%
 - 2025/26 £10 or 3.33%
 - 2026/27 £10 or 3.22%
 - Tax Base increases of:
 - 2023/24 1.39%
 - 2024/25 − 1.2%
 - 2025/26 1.2%
 - Government Grants increases of:
 - 2024/25 − 1.7%
 - 2025/26 2.0%
 - 2026/27 2.0%
 - Impact of Funding Formula review Nil

4 Local Financial and Service Delivery Context

<u>Pay Awards</u>

- 4.1 There are broadly 5 main drivers of increased pay budgets for 2023/24. These are:
 - The impact of the higher than budgeted pay awards from 2022/23
 - A Forecast 4.0% pay award from the 1st September 2023
 - The reversal of the Employers National Insurance increase of 1.25%
 - Additional Funded Roles
 - Plans to increase core Police Officer numbers by a further 43 FTEs
- 4.2 The costs of these 5 items alone are projected to be:

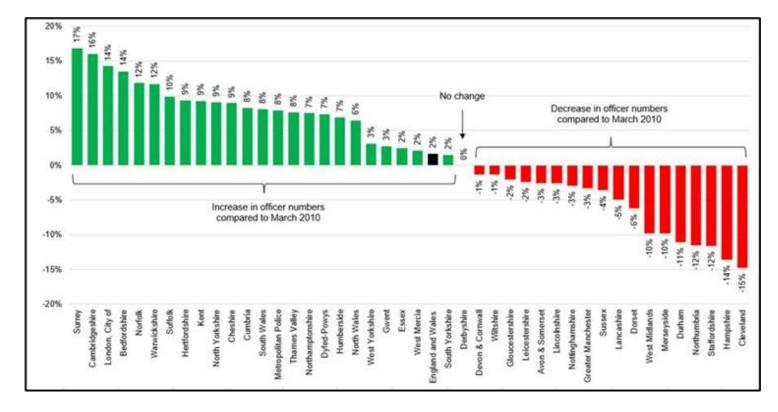

Increases in Pay Costs	2023/24
	£m
2022/23 Higher Pay Awards	1.6
Pay Awards @ 4%	3.0
Lower NI Rates	(0.9)
Additional Funded Roles/Overtime	1.0
Additional Police Officers	1.7
	6.4

- 4.3 The costs of these items, even after allowing for the additional income that is funding the £1m of additional roles/overtime, is higher than the additional funding of just over £4.9m, including the £15 precept increase, that was set out in paragraph 3.21.
- 4.4 Police Officer Recruitment Plans in Cleveland
- 4.5 To be able to receive the £3,298k specific grant that is included within these financial plans and to maintain the Government targets for Police Officer increases, then Cleveland Police need to have at least 1,443 Police Officers (excluding around 28 Officers that are funded by a time limited Special Grant) by the end of March 2024.
- 4.6 The PCC has supported the Force financially and scrutinised the delivery of an accelerated recruitment programme throughout the last few years and therefore this is not expected to be a problem for the Force.
- 4.7 The PCC supports the Chief Constables plans to further increase Police Officer numbers within Cleveland and for the Force's budget to prioritise further recruitment in this area.
- 4.8 These plans therefore seek to increase the Core number of Police Officers within Cleveland, to 1,485 FTEs, which would be 42 FTEs above the Uplift Target, and an increase of 43 core Police Officer roles within Cleveland over the 2022/23 position.

4.9 The planned recruitment of just over 100 Police Officers in the final 4 months of 2022/23 should put the Force above 1,500 FTE Police Officers for the first time in over a decade.

- 4.10 Not only is recruitment progressing well but the Force continues to make improvements in relation to both equality and diversity.
- 4.11 Data recorded and published by the Home Office shows that between April 2020 and September 2022 just over 41% of the new recruits, as part of the Uplift programme, into Cleveland Police have been Female. The same report indicates that despite this the Police Officer workforce is still only 31.2% Female in Cleveland. (Up from 30% a year ago)
- 4.12 Data recorded and published by the Home Office shows that, to the end of September 2022, 4.4% of the new recruits, as part of the Uplift programme, into Cleveland Police have indicated that their ethnicity was Black, Asian, Mixed or Other. This does however still only translate into 2.7% (Sept-21 2.5%) of the overall Police Officer workforce in Cleveland that indicate their ethnicity in this same category.

- 4.13 Organisational Planning and Demand Assessment
- 4.14 The allocation of funding and ultimately therefore Police Officers as part of the Uplift programme is based on current proportions of Government funding without any assessment of local needs and/or an any assessment of the impact of previous funding reductions and decisions.
- 4.15 As a result, there are areas within the Country who are now able to have more Police Officers than they have ever had in their history. Unfortunately, this is not the case in Cleveland where, at the end of the Uplift increases, the number of Police Officers within Cleveland Police will still be around 200-250 lower than they were in 2010.
- 4.16 The College of Policing recently provided the below information to show the range of change across England and Wales as set out in this chart below.

4.17 The PCC and the Force are in active discussions with the Home Office on how this continued shortfall of both financial and human resources can be addressed.

5 <u>Public Consultation</u>

- 5.1 To further inform the decision around the proposed precept for 2023/24 consultation has been undertaken with the public to ascertain their feedback and thoughts on this subject.
- 5.2 The PCC undertook a public consultation exercise for six weeks from November 2022 to mid-December 2022, focusing on several themes in relation to police funding:
 - Whether people would be willing to pay more towards their police precept
 - How much additional funding people would be prepared to pay
 - Reasons behind people's opinions about funding levels
- 5.3 The consultation included an online survey, which was open from 2nd November 2022 to 12th December 2022, and which was promoted through several channels including:
 - OPCC social media
 - Strategic Independent Advisory Group
 - Voluntary Development Agencies
 - Engagement with partner organisations, including:
 - Youth services
 - Groups working with ethnically diverse communities
 - Organisations for disabled people/people with learning difficulties
- 5.4 OPCC staff also held several face-to-face engagement stalls in community locations using a counter-based methodology where members of the public could place a counter to indicate what, if any, level of increased precept they would be willing to support.
- 5.5 In total 737 people completed the survey, and 455 people took part in the counter consultation, meaning that a total of 1,192 people gave their views in the consultation. This means that the results can be considered to have a margin of error of +/- 3% and a 95% confidence level.
- 5.6 Responses were comparable across 3 of the 4 local policing areas with considerably less respondents from the Middlesbrough area, as follows:
 - Redcar and Cleveland responses 30.5%
 - Stockton responses 29%
 - Hartlepool responses 25%
 - Middlesbrough responses 15.5%
- 5.7 A detailed report on the consultation is provided at Appendix D to this report however the response to the financial aspects are as follows:

- 5.8 <u>Would you be willing to pay more towards local policing?</u> Across the whole consultation, covering both the survey and the counter exercise, 63.5% of respondents indicated that they would be willing to pay more Council Tax towards the cost of local policing
- 5.9 <u>How much more would you be willing to pay towards local policing?</u>
- 5.10 Respondents were asked how much more they would be willing to pay per year towards their local policing with options of no increase, £10, £18, £24 and £30.

	£0	£10	£18	£24	£30
All	36.5%	18.1%	14.5%	11.3%	19.6%
Survey only	51.4%	13.1%	11.4%	7.6%	16.5%
Counters only	13.1%	26%	19.3%	17.1%	24.4%
Hartlepool	46.3%	14.6%	10.8%	10.1%	18.1%
Middlesbrough	38.9%	26.5%	15.7%	4.3%	14.6%
Redcar & Cleveland	28.9%	15.4%	20.7%	16.2%	18.8%
Stockton	34.8%	19.3%	10.4%	11%	24.4%

5.11 The table below shows the full range of answers:

- 5.12 For each of the Local Authority areas more than 50% of people who took part in the survey, from each area, supported an increase in the Police Precept of at least $\pounds 10$ per year for a Band D property.
- 5.13 <u>Where would you like to see additional money spent?</u>
- 5.14 Many of those respondents who stated that they would be willing to pay more towards their local policing gave the caveat that additional funding would need to mean additional visible on the street police presence. Respondents from Hartlepool and Redcar and Cleveland felt particularly strongly that policing in their areas needed more investment.
- 5.15 Many respondents felt that local policing needed to be less reactive and focus on core problem solving activity with drugs, violence and antisocial use of motor vehicles all mentioned as key areas the police needed to focus on going forwards.

- 5.16 Combined results (online and in-person) from the consultation show the majority (63.5%) support an increase of at least £10 per year.
- 5.17 And just over 45% support an increase of £18 or more, which is higher than the £15 annual increase in precept that is set out within this report.

6 Financial Impact of a £15, or 5.44%, increase

6.1 Tax Base Information and Precept Calculations

The four local Councils have notified the PCC of their tax bases for 2023/24 as set out in the table below:

Tax Base		
	2023/24	2022/23
	Net Tax	Net Tax
	Base	Base
Hartlepool Borough Council	25,342	24,928
Middlesbrough Borough Council	35,749	35,228
Redcar & Cleveland Borough Council	40,706	40,336
Stockton on Tees Borough Council	58,515	57,628
	160,312	158,121
Annual Increase/(Decrease)	2,191	
Percentage Increase/(Decrease)	1.39%	

- 6.2 The tax base is expressed in terms of Band D equivalent properties. Actual properties are converted to Band D equivalent by allowing for the relevant value of their tax bands as set down in legislation (ranging from 2/3rds for Band A to double for Band H; discounts for single person occupation, vacant properties, people with disabilities etc;) and a percentage is deducted for non-collection. Allowance is also made for anticipated changes in the number of properties.
- 6.3 The tax base calculated by the billing authorities differ from the figures used by the Government (which assumes 100% collection) in calculating Grant Formula entitlements.
- 6.4 As can be seen from the table above the number of Band D equivalent properties across Cleveland has increased by 2,191, which is a very similar level of increase as reported last year of 2,011
- 6.5 The 2023/24 tax base is therefore 160,312.1

- 6.6 <u>Setting the Council Tax</u>
- 6.7 During 2021/22 the Councils indicated an overall deficit on their Council Tax collection funds, of which £1,182k related to Police.
- 6.8 The Government recognised the challenge of absorbing these deficits in one year and therefore provided the flexibility to all billing and major precepting authorities (including police and fire authorities) to phase the deficit over a fixed period of three years.
- 6.9 The deficit is therefore being phased in three equal and fixed amounts across the financial years 2021-22, 2022-23 and 2023-24.
- 6.10 2023-24 is the final of these 3 years and therefore a £394k charge is factored into the overall collection fund position.
- 6.11 The precept calculation needs to take account of the net surplus and deficit on the billing authority collection funds. Projected surplus/deficits on the individual funds are shown in the table below:

Collection Funds Surplus/ (Deficit)	
	£
Hartlepool Borough Council	(86,433)
Middlesbrough Borough Council	(82,018)
Redcar & Cleveland Borough Council	(62,000)
Stockton on Tees Borough Council	(73,706)
Net Surplus on Collection Fund	(304,157)

6.12 The deficits/surpluses that have arisen need to be returned/collected through the precept. The final precept to be levied will reflect the position on each council's collection fund.

6.13 Financial Summary

- 6.14 Net Budget Requirement
- 6.15 Based on the proposed precept increase of £15, or 5.44%, the Net Budget Requirement (NBR) for 2023/24, in comparison to 2022/23, is set out in the table below:

Funding the Net Budget Requireme	nt			
	2023/24	2022/23	(Increase)/Reduction	Increase/(Reduction)
	£000s	£000s	£000s	%age
Funding				
Police Grant	(56,591)	(56,542)	(48)	
RSG/National Non Domestic Rate	(46,588)	(46,278)	(310)	
Total Formula Funding	(103,179)	(102,820)	(358)	0.3%
Council Tax Freeze Grant	(800)	(800)	0	
Council Tax Support Grant	(6,868)	(6,868)	0	0.0%
Net Surplus on Collection Funds	304	198	107	53.9%
Council Tax Requirement	(46,608)	(43,599)	(3,009)	6.9%
Net Budget Requirement	(157,150)	(153,890)	(3,261)	2.1%

- 6.16 There is an increase in the Funding for Net Budget Requirement available to the PCC of $\frac{\text{£3,261k}}{\text{£3,261k}}$ based on a £15 increase in precept. This equates to an increase of 2.1%.
- 6.17 It is important to recognise that the Net Budget Requirement does not include the £3,298k that the PCC will receive as part of the grant/funding that is directly linked to the recruitment of Police Officers. This will be treated as a Specific Grant, given the conditions that will be attached to the funding and therefore included elsewhere in the income analysis.
- 6.18 The Government is providing this funding to ensure Police Officer numbers are maintained at the Uplift level during 2023/24.
- 6.19 The final precept calculations are set out in the tables below based on a £15 or 5.44% increase:

Proposed Precepts - £15 or 5.44% increase									
	Adjusted	Collection	Council Tax						
	Precept	Fund Balance	Requirement						
	£	£	£						
Hartlepool Borough Council	7,281,247	(86,433)	7,367,680						
Middlesbrough Borough Council	10,311,289	(82,018)	10,393,307						
Redcar & Cleveland Borough Council	11,772,514	(62,000)	11,834,514						
Stockton on Tees Borough Council	16,938,331	(73,706)	17,012,037						
Total Precept	46,303,380	(304,157)	46,607,537						

- 6.20 The 'basic amount' of council tax is the rate for a Band D property. It is calculated by dividing the Council Tax Requirement by the total tax base i.e. £46,607,537 by 160,312.1 giving a council tax rate for Band D properties of £290.73.
- 6.21 The proposed council tax rate for each property band is determined in accordance with the statutory proportions and is set out in the table below, it also shows the increases for each Band in comparison to 2022/23. It is advised that the tax rates should be calculated to more than 2 decimal places.

Council Tax				
		£15 or 5.4	4% increase	•
Property	2023/24	2022/23	Increase	Increase
Band			per Annum	per Week
	£	£	£	£
А	193.820	183.820	10.00	0.19
В	226.123	214.457	11.67	0.22
С	258.427	245.093	13.33	0.26
D	290.730	275.730	15.00	0.29
E	355.337	337.003	18.33	0.35
F	419.943	398.277	21.67	0.42
G	484.550	459.550	25.00	0.48
Н	581.460	551.460	30.00	0.58

- 6.22 As you will see from the table above the impact of the proposal to increase the Police precept by \pounds 15 will increase a household council tax bill by 29 pence per week for a Band D property
- 6.23 Although Band D is set by law as the benchmark for council tax calculations, you will be aware that only a small minority of properties in Cleveland fall into Band D or above. The majority, around 80%, are in Bands A-C, and in such properties, households will pay less than the Band D tax.
- 6.24 The impact of my proposal to increase the Police precept by £15 for a Band D property will, in most cases, equate to an increase of 19-26p per week in a household council tax bill.

7 Conclusion

- 7.1 The Police Settlement for 2023/24 has provided me with an increase in Government Funding of £2,037k or 1.8%, including a Ring-fenced Grant for maintaining Police Officers of £3,298k.
- 7.2 This £2m needs to cover the following unavoidable costs to maintain current levels of service:

Unavoidable cost increases	2023/24	2024/25	Ultimate Cost
	£m	£m	£m
2022/23 Higher Pay Awards	1.6	1.6	1.6
2023/24 Pay Awards estimated @ 4%	3.0	5.1	5.1
Non-pay inflation/pressures	3.4	3.4	3.4
Total	8.0	10.1	10.1

- 7.3 Each £1 increase in the precept in Cleveland provides just over £160k of additional precept income on a recurring basis so just over £2.4m per year of additional income would be generated if the precept was increased by the maximum amount allowed.
- 7.4 As such a precept increase of £15 is proposed within the numbers contained within this report.
- 7.5 After changes to the tax base this still leaves the organisation £3m short of the £8m needed to meet the unavoidable costs for 2023/24.
- 7.6 The shortfall is effectively being met through reducing the contributions into the Capital Programme and therefore drawing on reserves to fund more of the Capital expenditure in 2023/24.
- 7.7 Reserves are currently forecast to reduce by £6m during 2023/24 to support the Capital programme, and therefore ultimately the Revenue budget, to focus as much funding on service delivery as possible during 2023/24.

- 7.8 In addition to the use of Reserves, the Force is also planning to hold more than 120 staff vacancies (around 13% of their assessed need) to help balance the financial plans and prioritise the increase in Police Officer numbers from 1,443 FTE Core roles to 1,485 FTEs during 2023/24.
- 7.9 Overall levels of Police Officers employed by Cleveland Police will exceed 1,500 FTEs for the first time in over a decade.
- 7.10 The organisational need for this increase, aligned with some significant support from the public for an increase of around £15, is why I formally propose a Police precept of £290.73 for 2023/24. This is an increase of 5.44% or £15 on a Band D property from 2022/23 and I ask that this panel considers my proposal.

To aid the Panel in considering my proposal on Precept I attach to this report:

- Appendix A Draft Budget based on a £15 or 5.44% Precept Increase
- Appendix B Draft Capital Budget
- Appendix C Reserves Forecast
- Appendix D Full Precept Consultation Report

Precept Consultation Results 2023/2024

Background

The Police Reform and Social Responsibility Act states that the Police and Crime Commissioner (PCC) must make arrangements for obtaining the views of the people in that police area, and the relevant ratepayers' representatives, on their proposals for expenditure in that financial year.

Cleveland OPCC undertook a public consultation exercise for six weeks from November 2022 to mid-December 2022, focusing on a number of themes in relation to police funding:

- Whether people would be willing to pay more towards their police precept
- How much additional funding people would be prepared to pay
- Reasons behind people's opinions about funding levels

The consultation included an online survey, which was open from 2nd November 2022 to 12th December 2022, and which was promoted through several channels including:

- OPCC social media
- Strategic Independent Advisory Group
- Voluntary Development Agencies
- Engagement with partner organisations, including:
 - Youth services
 - Groups working with ethnically diverse communities
 - Organisations for disabled people/people with learning difficulties

OPCC staff also held a number of face-to-face engagement stalls in community locations using a counter-based methodology where members of the public could place a counter to indicate what, if any, level of increased precept they would be willing to support. Stalls took place at the following locations:

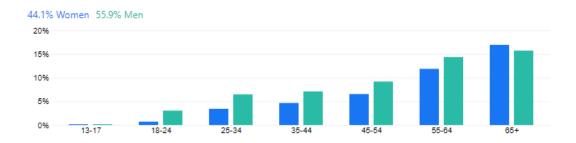

- Hartlepool Tescos
- Hartlepool Asda
- Cleveland Centre
- Parkway Centre
- Eston Christmas Market
- Eston Tescos
- Guisborough Morrisons
- Tescos Trunk Road
- Billingham Tescos
- Stockton Tescos
- Ingleby Barwick Tescos
- Eaglescliffe Tescos

Whilst every effort was made to distribute attendance at events across the Cleveland area this was impacted by the availability of suitable community locations and the willingness of retail and shopping centre management to facilitate consultation stalls.

Social media advertising

The OPCC Communications Team were given a brief to increase the number of survey responses from the Hartlepool area, which traditionally has a lower response rate to the precept consultation. It was decided that paid advertisement on Facebook, Messenger and Instagram would be used to target people living in the Hartlepool area and direct them to complete the survey.

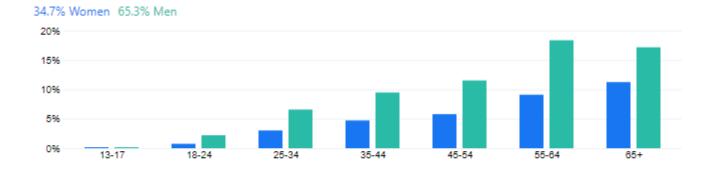

The campaign was given a daily budget of £6.00 and was set to run from 2nd November to 12th December 2022. The audience for the campaign was people aged 18-65+, living within the geographical area of Hartlepool.

Audience of Hartlepool post:

Midway through this campaign, a review was undertaken on the number of responses. It was clear that the number of responses from Hartlepool were disproportionately high, in comparison with the other boroughs of Cleveland. As a result, it was agreed that the campaign would be widened to cover the entire Cleveland area. The graphics used in the post were tweaked slightly, but the text of the post remained the same.

Audience of Cleveland-wide post - *noting the difference in gender breakdown compared to the Hartlepool advert.*

Results have been collated across both the original Hartlepool post and the Cleveland-wide post, which ran from 23^{rd} November to 12^{th} December and had the same budget of £6 per day. These results are shown in the table on the following page.

Actual cost	£305.23
Reach	34,690
(number of people who saw our advert	
at least once)	
Link clicks	1,034
(clicks through to the precept survey)	
Post engagement	1,351
(number of times people interacted with	
the post)	
Comments	205
Shares	41

In addition to these statistical results, the OPCC Communications Team has collated the comments from the social media adverts which have been analysed together with the online survey responses to better understand community feelings about police funding.

Demographics

In total 737 people completed the survey, and 455 people took part in the counter consultation, meaning that a total of 1,192 people gave their views in the consultation. This means that the results can be considered to have a margin of error of +/-3% and a 95% confidence level.

Responses were comparable across 3 of the 4 local policing areas with considerably less respondents from the Middlesbrough area, as follows:

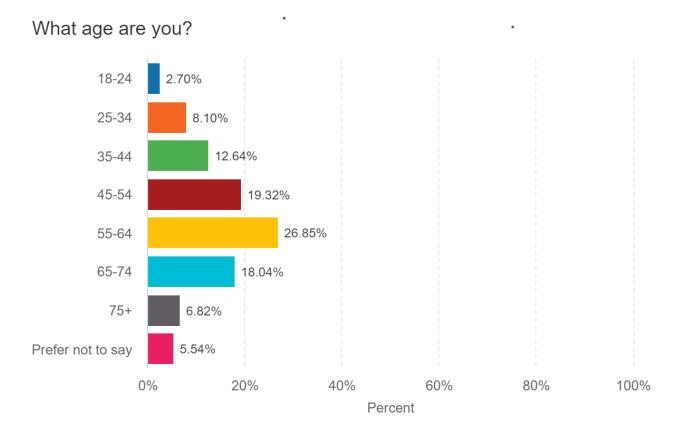

- Redcar and Cleveland responses 30.5%
- Stockton responses 29%
- Hartlepool responses 25%
- Middlesbrough responses 15.5%

The only demographic information collected from the counter consultation was Local Policing Area. The online/paper survey collected additional demographics around gender, disability, age and race.

Of those who completed the survey 56.7% identified as male and 36.9% identified as female. 1.1% (8 participants) identified as non-binary, with the remaining participants choosing not to say.

21.6% of participants considered themselves to have a disability.

Almost half the participants (46.2%) were aged between 45 and 64. The graph on the following page shows the full spread of ages across the survey.

The majority of respondents (90.2%) identified as White British. There were a very small number of responses from people who identified as Asian, Black, Mixed Heritage or Other Ethic Group, but the majority of respondents who did not identify as White British chose not to disclose their race.

Views on Funding

How much more would you be willing to pay towards local policing? Across the whole consultation, covering both the survey and the counter exercise, 63.5% of respondents indicated that they would be willing to pay more Council Tax towards the cost of local policing.

However, the results differed dramatically between the face to face counter consultation and the online surveys. Only 48.6% of respondents to the survey indicated that they would be willing to pay more towards their local policing, whereas 86.9% of those who took part in the counter consultation stated that they would be willing to increase police precept levels.

Levels of support for a precept increase differed across the different Local Policing Areas. Across the whole consultation Hartlepool respondents were the least likely to support an increase (53.7%) whilst Redcar and Cleveland respondents were the most likely (71.1%). Positive reponses for an increase were 61.1% in Middlesbrough and

65.2% in Stockton. Reasons for this discrepancy could be the differing methodologies as far more people from Hartlepool took part in the online survey than took part in the face to face consultation.

Respondents were asked how much more they would be willing to pay per year towards their local policing with options of no increase, ± 10 , ± 18 , ± 24 and ± 30 .

Across the whole consultation, covering both the survey and the counter exercise, nearly a fifth of respondents (19.6%) chose the highest option of £30 extra per year. Again survey respondents were markedly less likely to want to pay more than respondents to the face to face counter consultation – 16.5% of survey respondents chose the highest option of £30 compared to 24.4% of respondents to the counter consultation.

When comparing results between the different Local Policing Areas, Stockton had the highest appetitite for higher funding levels, with 24.4% of respondents from Stockton choosing the £30 option. Middlesbrough had the lowest support for higher funding levels with only 14.6% choosing the £30 option. Middlesbrough also had significantly more responses in the lowest level of increased funding (£10) than other areas (26.5%).

	£0	£10	£18	£24	£30
All	36.5%	18.1%	14.5%	11.3%	19.6%
Survey only	51.4%	13.1%	11.4%	7.6%	16.5%
Counters only	13.1%	26%	19.3%	17.1%	24.4%
Hartlepool	46.3%	14.6%	10.8%	10.1%	18.1%
Middlesbrough	38.9%	26.5%	15.7%	4.3%	14.6%
Redcar & Cleveland	28.9%	15.4%	20.7%	16.2%	18.8%
Stockton	34.8%	19.3%	10.4%	11%	24.4%

The table below shows the full range of answers:

Reasons behind funding views

Many of those respondents who stated that they would be willing to pay more towards their local policing gave the caveat that additional funding would need to mean additional visible on the street police presence. The closure of local police stations contributed towards this perception of policing in communities not being visible enough. Respondents from Hartlepool and Redcar and Cleveland felt particularly strongly that policing in their areas needed more investment.

Many respondents felt that local policing needed to be less reactive and focus on core problem solving activity to 'nip issues in the bud'. It was also felt that the police should be allowed to focus on the core role of policing crime and disorder and that other statutory services, such as mental health, should be more readily available. Drugs, violence and antisocial use of motor vehicles were all mentioned as key areas the police neeeded to focus on going forwards.

Several respondents expressed frustration at perceived lack of support for the police from the wider criminal justice system with many demanding tougher sentences for perpetrators.

Several respondents felt that police funding from central government should be increased rather than relying on taxpayer funding. It was also acknowledged that the police needed to find efficiencies where possible, as private households do. Some respondents expressed concern at the level of funding needed to maintain the Office of the Police and Crime Commissioner.

In terms of respondents who stated that they would not be willing to pay more for local policing, many cited the lack of service they felt they were currently receiving, with some feeling their areas were 'forgotten'. Respondents from Hartlepool felt particularly strongly that they were not currently receiving a satisfactory level of local policing.

Many respondents felt that Cleveland Police does not represent good value for money for local tax payers so it is unfair to ask for additional contributions and the service should instead look to operate more smartly and achieve economies in house, including by reducing the number of officers in non frontline roles.

Lack of confidence in the police due to poor performance and prominent misconduct cases also contributed to the lack of willingness to increase funding.

A key factor behind some respondent's views was also the current financial pressures being faced by many households and a lack of additional funding to contribute towards policing. Many stated that they felt the amounts they were already paying for Council Tax were too high. It was felt that the Police and Crime Commissioner (PCC) has a key role in lobbying government to increase funding for policing rather than increasing local taxes, although conversely some respondents felt that the PCC role was an unnecessary cost which could be removed.

Comments received on social media broadly reflected the opinions expressed by those who completed the survey, with communities feeling that they were not receiving an acceptable level of policing currently and also expressing lack of confidence in Cleveland Police due to reputational damage from previous issues the Force has faced, both in terms of perforemance and behaviour of staff.

Conclusion

Across the whole consultation, 63.5% of respondents indicated that they would be willing to pay more Council Tax towards the cost of local policing, however the results differed dramatically between the face to face counter consultation and the surveys, with only 48.6% of respondents to the survey willing to pay more compared to 86.9% of those who took part in the counter consultation.
