Cleveland Police
As at the end of December 2025

The **National Crime and Policing Measures** are designed to help us focus our efforts on key national priorities and demonstrate value for money in policing. Whilst some of these measures are serviced by police data, others rely on data held by other agencies which is not always accessible in a timely manner. Where possible, the information provide here shows the current position, at the end of December 2025, compared to the baseline position in December 2019.

Reduce murder and homicide

9

Homicides
We have recorded 9 homicides in the 12 months to December 2025, this compares to 7 in the 12 months to December 2019.

Disrupt drugs supply and county lines

Referrals into drug treatment
This information will be published by Public Health England

Drug related homicides
Awaiting Home Office guidance on appropriate data.
