NARRATIVE STATEMENT (PERFORMANCE / FINANCIAL REVIEW)

1. INTRODUCTION

In November 2012 the election of the first Police and Crime Commissioner (PCC) for the area policed by Cleveland Police was held, this represented a significant shift in the way the police are governed and held to account. One of the key reforms was to replace the Cleveland Police Authority with the Office of the Police and Crime Commissioner for Cleveland. At the same time the 'Chief Constable' was established in law as a separate corporation sole. The primary function of the PCC is to secure the maintenance of an efficient and effective police force and to hold the Chief Constable to account for the exercise of operational policing duties under the Police Act 1996.

All the financial transactions incurred during 2024/25 for policing in Cleveland have been recognised within this Statement of Accounts, which sets out the overall position of the Cleveland PCC Group for the year ended 31st March 2025. The Group position 'PCC Group' reflects the consolidated accounts of the PCC and the Chief Constable. This narrative statement provides an overview of the accounting arrangements and outlines the financial performance of the PCC Group during 2024/25.

2. THE STATEMENT OF ACCOUNTS

The accounting arrangements between the PCC and Chief Constable during the current financial year are that the PCC is responsible for the finances of the whole Group and controls the assets, liabilities and reserves. The PCC receives all the income and funding and makes all payments for the Group from the PCC Police Fund. In turn the Chief Constable fulfils the functions under the Police Reform and Social Responsibility Act 2011 (Act), within an annual budget set by the PCC (in consultation with the CC). A scheme of delegation and consent is in operation between the two bodies determining their respective responsibilities.

This Statement of Accounts covers the financial year ended 31st March 2025 and has been prepared in accordance with the provisions of the Local Audit and Accountability Act 2014 the requirements of the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024/25.

The PCC receives funding from Central Government and precept income via local Councils.

The Statements required by the Code of Practice on Local Authority Accounting in the United Kingdom 2024/25 (the Code) are detailed below along with the objective of each statement:

Comprehensive Income and Expenditure Statement – This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from precept. PCCs raise precept to cover expenditure in accordance with regulations; this may be different from the accounting cost. The amount chargeable to precept is shown in the Movement in Reserves Statement.

Movement in Reserves Statement – This statement shows the movement in the year on the different reserves held by the PCC, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local precept) and unusable reserves.

The (Surplus) or Deficit on the Provision of Services line shows the true economic cost of providing the PCC Group's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance for council tax setting purposes.

The Net Increase/Decrease before Transfers to Earmarked Reserves line shows the statutory General Fund Balance before any discretionary transfers to or from earmarked reserves undertaken by the PCC.

Balance Sheet – The Balance Sheet shows the value as at 31st March 2025 of the assets and liabilities recognised by the PCC Group.

The net assets of the PCC Group (assets less liabilities) are matched by the reserves held by the PCC Group. Reserves are reported in two categories.

The first category of reserves is usable reserves, i.e. those reserves that the PCC Group may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt).

The second category of reserves is unusable reserves and refers to those that the PCC Group is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences which are shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

Cash Flow Statement – The Cash Flow Statement shows the changes in cash and cash equivalents of the PCC Group during the reporting period. The statement shows how the PCC Group generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities.

The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the PCC Group are funded by way of precept and grant income or from the recipients of services provided by the PCC Group.

Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the PCC Group's future service delivery.

Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the PCC Group.

The 2024/25 statements highlight the following areas of change from the 2023/24 position:

Group Comprehensive Income & Expenditure Statement:

- Net Cost of Services (NCOS) has increased by £8.593m. This is comprised of a decrease in the technical accounting adjustments to record the potential pension liability as at the end of the accounting period of £13.432m, an increase in Police Pay of £7.982m, increase in Police staff & PCSO pay £2.891m, increase in Police non pay cost of £2.271m, increase in OPCC staff pay of £0.326m, increase in OPCC & Police non-pay expenditure and undistributed costs of £2.516m and a decrease in Income of £6.039m
- The deficit on the Provision of Service has moved from a £64.005m deficit to a £62.164m deficit. A decrease of £1.841m. This is as a result of the movement in NCOS detailed above and the impact of increase in Financing & Investment costs of £3.004m an increase in the other operating expenditure of £0.123m and an increase in Taxation & Non-specific grant funding of £13.561m.
- Other Comprehensive Income and Expenditure has increased by £224.555m due to changes in actuarial assumptions relating to the Pension Fund of £225.657m and a movement on surplus on revaluations £1.102m.

Group Balance Sheet:

- Property, Plant & Equipment, Intangible Assets, Impact of IFRS 16 Right of use assets and Assets held for sale has increased by £8.845m which comprises spend of £5.692m which is offset by in year depreciation charges of £6.077m, non-adding value assets of £1.555m, a revaluation net increase of £10.029m and disposals of £0.294m.
- The value of Debtors has decreased by £2.301m, primarily as an increase in Government debtors of £1.452m (comprising decrease in Pension grant and additional Uplift Grants), and net increase in Local Authority debtors of £0.864m (mainly due to Council tax Precepts £0.674m) and Other debtors decrease of £0.838m and decrease in Prepayments £3.902m (mainly due to the Pension payroll) and a decrease in provision for bad debt of £0.165m.
- Short term investments and cash has decreased by £2.408m
- The value of Creditors has increased by £1.634m, primarily as a result of the increase Council tax precept liability of £2.600m, net decrease across Government and Other creditors £1.231m offset by a reduction in Local Authority creditors of £0.265m.
- Provisions increased by £0.256m.
- No new borrowing was undertaken in the year, however £0.760m was repaid, total borrowing stands at £18.760m and is well within the limits approved by the PCC.
- The Pension Liability has decreased by £189.243m, mainly because of changes in actuarial assumptions and application of the asset ceiling test as detailed within the notes to the accounts.
- Other Long-term liabilities have increased by £0.155m because of the application of IFRS 16 (Leasing).
- The Usable Reserves of the PCC Group has seen a net overall decrease of £3.996m; a net movement on earmarked reserves and a reduction in Capital reserves of £0.027m. A detailed breakdown of the earmarked reserves can be found at Note 9 of the accounts. There has been a reduction in capital receipts reserves of £4.020m

Group and PCC Cashflow:

- The Group had a Net increase in cash in the year of £0.592m, this has resulted from a cash inflow from operating activities of £231.758m offset by a cash outflow of £226.959m, net outflow on investment activities of £4.799m. The resulting £2.030m cash inflow before financing activity comprising reduction in borrowing of £0.760m and PFI Liability.

PCC Comprehensive Income & Expenditure Statement:

- Net Cost of Services (NCOS) has increased by £22.005m, primarily as the result of the reclassification of income recorded tax and specific grants £6.039m, an increase in inter-group funding to the Force of £13.175m, a net increase in costs and salaries of £2.486m and pension adjustments of £0.020m.
- The deficit on the Provision of Service has increased by £8.349m to a £5.629m deficit. This is a combination of the impact an increase funding of £13.651m (partly because of reclassification of grants) decrease in financing costs of £0.218m & increase other expenditure of £0.123m. Net of the increase in NCOS.
- Other Comprehensive Income and Expenditure has moved by £0.889m due to changes in actuarial assumptions relating to the Pension Fund of £1.991m and impact of revaluations of £1.102m.

PCC Balance Sheet:

- The overall movement on the PCC balance sheet is an increase in Net assets and total Reserves of £2.844m respectively. The only variation from those reported in the Group Balance sheet above relates to the Pension Liability. The PCC only records Pensions for the PCC staff and this balance remain Zero following the application of the asset ceiling adjustment.

3. THE POLICE & CRIME COMMISSIONER REVENUE BUDGET FOR 2024/25

The following table shows the 2024/25 budget and the final outturn:

	Original 2024/20254 Budget	Revised 2024/25 Budget	Year End 2024/25 Position	Outturn
	£000s	£000s	£000s	£000s
Police Grant	(61,800)	(61,800)	(61,800)	(0)
RSG/National Non Domestic Rate	(47,545)	(47,545)	(47,545)	(0)
Government Grant	(109,345)	(109,345)	(109,345)	(0)

Violence Reduction Unit Initiatives	1,047	1,071	1,014	(57)
Serious Violence Duty	96	72	93	21
Office of the PCC Planned Expenditure (Net)	(177,970)	(182,698)	(184,084)	(1,386)
Police Force Planned Expenditure	£000s	£000s	£000s	£000s
Police Pay	96,395	97,631	96,704	(927)
Police Overtime	3,055	3,830	4,248	418
Police Community Support Officer Pay	4,010	3,960	3,637	(323)
Staff Pay	38,915	39,072	39,589	517
Non-Pay	33,975	36,681	38,517	1,836
Total Planned Expenditure	176,350	181,173	182,696	1,522
Transfer to Insurance Reserves	0	0	1,364	1,364
Total Planned Expenditure	176,350	181,173	184,059	2,886

	£000s	£000s	£000s	£000s
(Surplus)/Deficit	(1,620)	(1,525)	(25)	1,500
Transfers to Capital Reserves	1,880	1,880	1,880	0
Transfers from Earmarked Reserves	75	735	735	0
Transfers to Earmarked Reserves	(335)	(1,090)	(1,090)	(0)
Net (Surplus)/Deficit Prior to additional to Reserves	0	(0)	1,500	1,500

As can be seen from the table above the overall position for the Group as at the 31st March 2025 was an overspend of £1,500k, which has been funded from the release of earmarked reserves. In terms of cashflows the OPCC has responsibility for the Cashflow and reviews the cash position daily. An annual review is undertaken to ascertain when or if the expected cash outflows would exceed the expected cash inflows and cause potential cash shortage. Should this be anticipated discussions take place with the bank to put in place a time limited overdraft facility to cover any such eventualities. Levels of acceptable overdraft are reviewed within the Annual Prudential Indicators report.

There were no periods of unknown cash restrictions during the financial year and the OPCC is not expecting any issues with the Cashflow during the 2024/25 financial period.

The following table shows the 2024/25 budget and the final outturn for the PCC:

	Original 2024/20254 Budget	Revised 2024/ 25 Budget	Year End 2024/ 25 Position	Outturn
	£000s	£000s	£000s	£000s
Police Grant	(61,800)	(61,800)	(61,800)	(0)
RSG/National Non Domestic Rate	(47,545)	(47,545)	(47,545)	(0)

Violence Reduction Unit Initiatives	1,047	1,071	1,014	(57)
Serious Violence Duty	96	72	93	21
Office of the PCC Planned Expenditure (Net)	(177,970)	(182,698)	(184,084)	(1,386)

As can be seen from the table above the overall position for the PCC as at the 31st March 2025 was a £1.386m underspend prior to movement on reserves. Overall, this represents a total underspend of 0.75% against the group budget (Compared with 2.85% 2024/25).

4. POLICE & CRIME COMMISSIONER GENERAL REVENUE BALANCES

	2024/2025 £000	2023/2024 £000
Opening Balance	(5,772)	(5,042)
Budgeted transfer (into)/from balances	0	0
Planned Position	(5,772)	(5,042)
(Surplus) or Deficit on Years activities	0	(730)
Available balance at 31 March	(5,772)	(5,772)

WHERE THE MONEY GOES TO:

WHERE THE MONEY COMES FROM:

5. CAPITAL

The Group funded an annual capital budget for the 2024/25 financial year of £7,529k, this was revised in year to £5,298k (excluding Lifecycle costs of £575k associated with the PFI's). The amount of underspend against the capital budget was £181k (£249k underspend 2023/24). The group did not spend all its capital allocation resulting slippage into 2025/26 on schemes relating to vehicles, ICT and equipment. The slippage amounted to £1,068k.

The Group spent £5,117k on capital projects during the year and £575k on PFI Lifecycle costs. The programme was fully financed from a combination of capital receipts, capital resources and internal borrowing in the year.

6. PENSIONS

As part of the terms and conditions of employment of its officers and other employees, the PCC Group offers retirement benefits. Although these will not actually be payable until employees retire, the PCC Group has a commitment to make the payments, which need to be recognised at the time that employees earn their future entitlement. This is a requirement of International Accounting Standard (IAS) 19 – Employee Benefits. The cost of this entitlement is recognised in the Comprehensive Income and Expenditure Account of the Group. A Pension liability of £1,175m is recorded in the Balance sheet of the Group.

7. CHANGES TO ACCOUNTING POLICIES

In line with IAS 8 the Group has reviewed those standards issued but not yet adopted by the code and has concluded that they are not applicable. Therefore, there are no changes to the accounting policies for the 2024/25 financial year.

8. EVENTS AFTER THE REPORTING PERIOD

No adjusting post balance sheet events have been identified for 2024/25.

9. BORROWING FACILITIES

The PCC currently has £18.760m worth of borrowing taken out with the Public Works Loan Board (PWLb), the repayment of these loans is phased over the next 35 - 40 years and have been taken out to fund the PCC's capital programme. The PCC undertook no new borrowing and repaid £0.760m in the 2024/25 financial year.

10. IMPACTS OF HIGH INFLATION AND INCREASED INTEREST RATES

These accounts cover a period that have seen interest rates reduce from 5.25% at the start of the financial year to 4.5% by the end of the financial year and means interest rates are back to the levels they were at 20 years ago after a period of over 12 years where interest rates were exceptionally low.

The reduction in interest rates reflected that inflation started 2024/25 at 2.3% (significantly down from 10.1 in March 2023) and therefore in line with the Bank of England Target. Inflation did however broadly increase during the financial year and was reported as 3.5% in April 2025.

Interest Rates

The PCC currently has just under £18.8m of loans in place - all of which are at fixed rates of interest and as such there is no exposure to the PCC from any movements in interest rates or from the overall higher levels of interest rates.

As a result of a strategic plan to effectively re-finance the organisation during the period of very low interest rates only 1 of these loans, totalling just £0.76m, are due for repayment before the end of the 2029/30 financial year.

The current medium term capital programme to 2028/29 includes borrowing of £2.4m however this is expected to be funded from internal cash balances.

There is the potential that borrowing may need to be undertaken for cash flow purposes. The current plans factor in £5.5m of borrowing, at rates of 5.1%, during 2025/26 however this will be kept under review. These rates are still realistic levels for the PCC to borrow at however the borrowing will only be taken out as/if needed.

Given that borrowing has been undertaken at fixed interest rates then there is an element of downside to lower interest rates to the PCC in terms of Treasury Management activities, with interest receivable on cash balances and investments £116k lower than expected in 2024/25 (£886k versus a budget of £1,000k).

The budget for interest receivable for 2025/26 was reduced to £714k.

Inflation

The vast majority (75-80%) of the funding available to the PCC is spent on employment costs (i.e. Pay, National Insurance, Pensions etc.).

The pay awards agreed in 2024/25 were significantly higher, at 4%, than the budget that was set for 2024/25 of 2.5%, however the Government have fully funded this higher pay award, through an additional grant in 2024/25. The Government also provided additional funding for 2025/26 to ensure this was affordable on a recurring basis.

The overall budget for 2025/26 includes sufficient funding for a 2.5% pay award from September 2025 which is lower than the current level of CPI of 3.5% and lower than all recently announced public sector pay increases of between 3.2% and 4.5%.

Beyond pay budgets there was around £47m of 'non-pay' spend in 2024/25, this was around £2m higher than the revised budget, which followed on from a similar position in 2024/25 where expenditure was higher than budget.

The base budgets across these areas have been increased by just over £2m 2025/26, reflecting the pressures experienced in 2024/25 but will clearer need to be closely monitored.

The PCC continues to maintain a healthy level of reserves which includes a 'Pay, Price and Grant Reserve' which has increased from £1.1m to £1.6m. This reserve will be used as needed to address any short-term pressures so that longer terms plans can be put in place to meet these costs on a recurring basis.

11. NON-FINANCIAL PERFORMANCE DATA

During 2024/25 consultation and launch of the new [Police and Crime Plan](#) took place which sets out the blueprint for policing and community safety in Cleveland.

The new PCC wanted to create communities that felt safe from harm, strong in the face of challenges and confident in the public organisations they needed.

Matt identified six priorities to help him achieve this goal:

- Reduce crime, antisocial behaviour and harm
- Deliver more visible and effective policing
- Improve safety for women and girls

- Ensure the right support for victims and vulnerable people
- Build trust and confidence in policing and the criminal justice system
- Tackle offending and reoffending

A detailed Delivery Plan has been developed to sit behind these priorities, setting clear objectives for delivery.

More than 1,500 people took part in the consultation for the draft Police and Crime Plan, including over 1,000 residents who took part in an online survey or spoke to OPCC staff on an engagement stall.

The PCC also met with 20 victims of crime, 242 people from diverse groups and held briefings for over 160 representatives of local organisations and public services.

What victims, residents and local organisations told us

Respondents to the consultation were asked to rank the priorities in the Police and Crime Plan in order of importance to them. The order in which they appear in the plan reflects this exercise.

Other feedback included:

- More visible policing in communities
- Greater police engagement with residents
- Improved policing outcomes, including effective response and investigation
- Frustration with the wider criminal justice system – particularly around sentencing
- More education and training for young people on knife crime and VAWG

Notable Achievements/Developments during 2024/25

- June 2024: Fairer Funding campaign launched
- July 2024: Consultation on draft Police and Crime Plan launched
- July 2024: UK's first Youth Custody Suite launched in Middlesbrough
- August 2024: PCC visits residents organisations and police staff affected by the violent disorder
- September 2024: Divert wins at the Inspire Justice Awards
- October 2024: PCC reestablishes multi-agency partnership to tackle hate crime
- December 2024: Police and Crime Plan 2024-29 launched
- December 2024: PCC engages with offenders involved in violent disorder
- February 2025: £1.42m in Home Office funding announced for hotspot patrols
- March 2025: Strategy launched to deal with domestic abuse perpetrators
- March 2025: Cleveland selected for new domestic abuse prevention orders Cleveland Police out of special measures for the first time in four years

Progress and delivery against the Police and Crime Plan

The PCC's Police and Crime Plan was endorsed by the Police and Crime Panel and progress against the Police and Crime Plan will be made across the next 4 years. Some of the highlights across each of priority of the plan delivered in 2024/25 are as follows:

Reduce crime, antisocial behaviour and harm

CURV - Cleveland's violence reduction partnership - was established in 2022 to explore innovative solutions to prevent and divert people at risk of becoming involved in violent crime.

Supported by dedicated police patrols in violence hotspots, efforts towards violence reduction are continuing to have a positive impact on crime figures.

- Between January and December 2024, there were 268 knife crime offences involving young people aged 24 and under recorded by Cleveland Police – a 12 per cent reduction from 305 offences on the previous year.
- In the last 12 months, CURV-funded interventions have engaged with over 9,500 young people under the age of 24 and a further 800 people over the age of 24, supporting them in making positive choices to reduce the risk of being drawn into violent crime.
- In March 2025, CURV secured an additional £1.143m from the Home Office to continue its work for a further 12 months.

Youth custody suite

In July 2024, CURV launched the UK's first Youth Custody Suite in partnership with Cleveland Police and Middlesbrough Council's South Tees Youth Justice Service.

The aim of the trauma-informed custody suite is to minimise a child's exposure to the custody environment while providing additional support to assist the young person.

The initiative complements the work of CURV's flagship custody navigators' scheme and has attracted attention from force areas across the country to learn from its innovative approach.

Navigators in custody

CURV funds four custody navigators to reach out to people involved in – or at risk of – serious violence detained in police custody, who have already entered the criminal justice system.

- Since August 2023, 1,441 young people have been supported by the navigators' programme.
- Out of 397 first-time arrestees, only 37 went on re-offend after receiving support.

Over £1m invested in anti-violence interventions

During 2024-25, CURV invested £1.05m in anti-violence projects and initiatives, whether through the commissioning of services or providing grants to community organisations including:

- Ask for Angela - Cleveland achieved a 75% success rate across licensed premises being tested for their response to the 'Ask for Angela' safety scheme.
- Stockton Street Angels - Recruited a team of volunteers to care for vulnerable people on a night out.
- Crucial Crew - Over 1,200 primary school children from Hartlepool attended a multi-agency event to learn how to stay safe. This included knife crime awareness sessions from St John Ambulance.
- CSE training - Supported training to help hotel staff spot the signs of child sexual exploitation in Cleveland.

- Bleed Cabinets - Over 120 night-time economy stakeholders were trained in the use of bleed cabinet kit – used to stem a catastrophic bleed. A total of 19 cabinets are accessible to the public across Cleveland.
- Rise small grants - A total of £30,000 was shared between organisations to support projects that work to empower the voice of the community.
- MFC Kicks - Delivered 43 football sessions in Stockton's Ropner ward to those aged 19-24 and supported 130 people.

Tackling Anti-Social Behaviour

Hotspot Response Patrols

Cleveland was one of the first 16 pilots to get Hotspot Patrols for areas with high rates of ASB in March 2023.

From March 2024, ASB Hotspot patrols were combined with serious violence patrols, conducted by police officers and PCSOs. They were re-named Hotspot Response patrols and focus on areas of high ASB and/or serious violence.

During 2024-25, there were 8,670 patrols, who logged 8,966 hours. Tasks included:

- Dealing with 191 incidents of vehicle ASB
- Recorded 119 instances of information sharing
- Working on 190 ASB incidents

Analysis of patrol areas for September 2023 to August 2024 showed a 21% reduction in reported ASB incidents compared with the same period the previous year.

Immediate Justice

A key objective of the national Antisocial Behaviour Action Plan was to see perpetrators face swift and visible justice for their actions.

Immediate Justice was introduced to allow ASB offenders to pay communities back through unpaid work, restorative activities and repairing the harm they've caused.

During 2024-25, there were:

- 110 referrals to the Immediate Justice scheme
- Most of the referrals (46) were for public order offences
- Gardening, work to tidy up allotments and support for local charities were among the tasks carried out.

MFC Kicks Premier League Kicks

2025 marks a decade of partnership between Middlesbrough Football Club Foundation's MFC Premier Kicks and Cleveland OPCC.

The programme uses football and the brand of a professional football club to engage with eight to 18-year-olds in areas with high levels of antisocial behaviour and crime.

Sessions involve coaching in a range of sports, including football, together with workshops on targeted issues such as the consequences of actions and healthy eating.

During 2024/25, MFC Kicks engaged with more than 3,000 young people. Highlights included players from Middlesbrough men's and women's first teams visiting a session at Teesside University. The players' presence at the knife crime session helped boost the profile of the issue.

Supporting Victims of Crime and Anti-Social Behaviour

Victims supported across all OPCC commissioned services

- 10,070 new victims accessed services in the 2024-25 year
- 19,195 victims were supported in total – meaning 9,125 were already accessing support
- 15,291 were victims of domestic abuse
- 2,178 were sexual violence victims

Financial Fraud Advocates

From January 2025, the Office of the Police and Crime Commissioner has joint-funded the pilot Financial Fraud Advocates (FFA) scheme.

Two part-time workers are based at Safer Communities. One worker covers Hartlepool and Stockton-on-Tees to the north and the second covers Middlesbrough and Redcar and Cleveland to the south.

The aim of the scheme is to:

- Help victims of fraud recover financial losses;
- Reduce the risk of repeat victimisation;
- Improve physical and emotional welfare;
- Improve levels of satisfaction with the services provided.

Within the first six months of 2025, the advocates had:

- Recovered £254,239.70 of refunds for fraud victims
- Filed a further £385,000-worth of claims with banks, financial institutions and the Financial Ombudsman.
- As a result, both the OPCC and trading standards departments of all four, Cleveland borough councils agreed to extend funding until December 2026.

Restorative Cleveland

Cleveland's restorative justice service is run by Safer Communities on behalf of the OPCC.

In the past year, Restorative Cleveland has:

- Worked with 83 victim and offender-initiated referrals.
- Delivered 440 restorative interventions
- Delivered a 100% satisfaction rating from victims surveyed
- Provided 52 awareness raising sessions to professionals and the community

Restorative justice gives victims the chance to communicate with their offenders to explain the true impact of their crime.

The project played a key part in Cleveland's recovery after last summer's disorder by:

- Working with community and faith groups to facilitate restorative justice
- Helping to build bridges between individuals and communities
- Supporting people moving back into the community from prison
- Organising a discussion between the PCC and a man jailed for his part in the disorder

Preventing Violence Against Women and Girls (VAWG)

During 2024-25, the PCC led the development of a Tees-wide Domestic Abuse Perpetration Strategy. Co-produced by partners across Cleveland, the new strategy aims to identify perpetrators earlier and address behaviours that enable domestic abuse to happen.

The strategy's key priorities are to:

- Prevent – by encouraging people to recognise, respond and refer concerns as early as possible;
- Protect – by identifying perpetrators and holding abuse behaviour to account;
- Pursue – by using protective measures to disrupt and prosecute perpetrators.

Supporting victims

In partnership with the Suzy Lamplugh Trust – a national stalking charity – we continue to fund two Independent Stalking Advocate Caseworkers. They work closely with police, victims' services and

partners to support Stalking Protection Order applications and make sure appropriate advocacy support is provided to victims.

During 2024/25 a total of 89 (existing and new) victims were supported by the ISACs in Cleveland.

Continued specialist support for victims of domestic abuse

We continue to commission various domestic abuse agencies across Cleveland, to ensure victims have access to the support, guidance and counselling they need to recover from abuse.

Funding is provided to Harbour, My Sister's Place, EVA Women's Aid and the Halo Project, who work with victims of domestic abuse, coercive controlling behaviour and illegal cultural harms.

- Total of number of victims supported – 15,330
- Victims who reported to police after accessing support – 575
- Victims who reported improved ability to recover after accessing support - 729

Sexual Violence

Arch Teesside and Eva Women's Aid supported 2,644 new or existing victims of sexual violence between 1st April 2024 and 31st March 2025.

Reducing Offending and Re-Offending

Cleveland Divert

Divert is an out of court disposal scheme run by the OPCC, Cleveland Police and the Probation Service.

It aims to cut re-offending by building bespoke programmes – or pathways, on which offenders can address the root causes of their offending behaviour. During 2024-25, Divert has:

- Worked with 424 people - an increase of 75.2% on the previous year.
- Expanded the service's scope so people charged with hate crime and possession of weapons offences can now take part.
- Won the Learning and Development category at the national Inspire Justice Awards organised by Skills for Justice.
- Received a commendation at the annual NEPACS' Ruth Cranfield Awards.

Of those referred to Divert, more than 80% successfully completed the programme. 95.3% of people completing Divert do not re-offend within the first year. That compares to a Cleveland re-offending rate of 32.1%.

Project ADDER

Project ADDER (Addiction, Diversion, Disruption, Enforcement and Recovery) was a Home Office-led initiative, which ran from 2020 to 2025.

Cleveland Police was one of just 13 forces picked to test new approaches to cut drug-related offending and deaths.

Between 2023 and 2025, the OPCC provided £375,000-worth of funding for ADDER's work in Middlesbrough. During 2024-25, Project ADDER:

- Made 548 arrests, which have been related to drugs and weapons' offences
- Disrupted 7 "cuckoo" operations
- Seized a total of 560 weapons including 296 knives and 42 firearms
- Disrupted 84 organised crime groups including two major operations
- Made 1,551 drug seizures

Employment

PCC Matt Storey is a strong advocate for the employment of ex-offenders. He believes stable homes and employment are the best ways to keep people out of prison and prevent re-offending.

- Over the past year, Matt went on a number of campaigning and fact-finding visits including:
- Attending the Employment Advisory Board at Kirklevington Prison

- Acting as guest speaker on the panel at the North East Chamber of Commerce's Connecting Businesses and People event and exploding some of the myths about employing ex-offenders.

Safer Streets

The final Safer Streets programme ran for 18 months and ended in March 2025. It had target areas close to town centres in Middlesbrough, Stockton-on-Tees and Hartlepool.

Key successes included reducing antisocial behaviour by:

- 32% in Victoria ward (Hartlepool)
- 38% in Town Centre and parts of Ropner wards (Stockton-on-Tees)
- 25% in Central, Longlands and Beechwood wards (Middlesbrough)

There were also reductions in Neighbourhood crime and fly tipping. Safer Streets 5 saw:

- 30 CCTV cameras installed
- 18 streetlights put up
- 86 improvements to alley gate
- 583 home security– or target hardening - packs given to residents

12. FURTHER INFORMATION

Interested members of the public have a statutory right to inspect the accounts before the audit is completed. This was published on the OPCC website.

Further information may be obtained from the Chief Finance Officer at The Office of the Police & Crime Commissioner for Cleveland, Cleveland Police HQ, 1 Cliffland Way, Stainton Way, Hemlington, Middlesbrough, TS8 9GL

M. PORTER,
CHIEF FINANCE OFFICER FOR THE PCC

STATEMENT OF RESPONSIBILITIES

The PCC's Responsibilities

The PCC is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its Officers has the responsibility for the administration of those affairs. In this PCC's Office that Officer is the Chief Finance Officer to the PCC;
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets;
- Approve the Statement of Accounts.

The Chief Finance Officer's Responsibilities

The Chief Finance Officer is responsible for the preparation of the Group & PCC Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code of Practice).

In preparing the Statement of Accounts, the Chief Finance Officer has:

- Selected suitable accounting policies and then applied them consistently;
- Made judgements and estimates that were reasonable and prudent;
- Complied with the Code of Practice.

The Chief Finance Officer to the PCC has also ensured that the Chief Finance Officer to Cleveland Police has:

- Applied the accounting policies consistently and in a prudent manner;
- Kept proper accounting records which were up to date;
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

The Statement of Accounts give a true and fair view of the financial position of the Group & PCC at the accounting date and its income and expenditure for the year ended 31st March 2025

Date:

Signature: M Porter

M Porter, Chief Finance Officer to the PCC

The PCC's Responsibilities

In accordance with the requirements of the Local Audit and Accountability Act 2014 I confirm that the Statement of Accounts was approved by the PCC:

Date:

Signature:

Matt Storey, Police & Crime Commissioner for Cleveland

INDEPENDENT AUDITOR'S REPORT TO THE POLICE AND CRIME COMMISSIONER FOR CLEVELAND AND GROUP

Independent auditor's report to the Police and Crime Commissioner for Cleveland and Group

Report on the audit of the financial statements

Opinion on the financial statements

We have audited the financial statements of the Police and Crime Commissioner for Cleveland and Group (the PCC and Group), which comprise the Group and PCC Comprehensive Income and Expenditure Statements, the Group and PCC Movement on Reserves Statements, the Group and PCC Balance Sheets, the Group and PCC Cash Flow Statement, the Group Police Pension Fund and Net Asset Statement and notes to the financial statements, including material accounting policy information.

The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024/25.

In our opinion, the financial statements:

- give a true and fair view of the financial position of the PCC and Group as at 31st March 2025 and of the PCC and Group's expenditure and income for the year then ended; and
- have been properly prepared in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024/25.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the PCC and Group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Chief Financial Officer's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, and taking into account the requirements of the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024/25, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the PCC or Group's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Chief Financial Officer with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the Annual Governance Statement and information included in the Statement of Accounts, other than the financial statements and our auditor's report thereon. The Chief Financial Officer is responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of the Chief Financial Officer for the financial statements

As explained more fully in the Statement of the Chief Financial Officer's Responsibilities, the Chief Financial Officer is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024/25, and for being satisfied that they give a true and fair view. The Chief Financial Officer is also responsible for such internal control as the Chief Financial Officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The Chief Financial Officer is required to comply with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024/25 and prepare the financial statements on a going concern basis, on the assumption that the functions of the PCC and Group will continue in operational existence for the foreseeable future. The Chief Financial Officer is responsible for assessing each year whether or not it is appropriate for the PCC and Group to prepare its accounts on the going concern basis and disclosing, as applicable, matters related to going concern.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

Based on our understanding of the PCC and Group, we considered that non-compliance with the following laws and regulations might have a material effect on the financial statements: employment regulation, health and safety regulation, anti-money laundering regulation, data protection, environmental protection, corruption and anti-bribery.

To help us identify instances of non-compliance with these laws and regulations, and in identifying and assessing the risks of material misstatement in respect to non-compliance, our procedures included, but were not limited to:

- gaining an understanding of the legal and regulatory framework applicable to the PCC and Group, the environment in which it operates, and the structure of the PCC and Group, and considering the risk of acts by the PCC and Group which were contrary to the applicable laws and regulations, including fraud;
- inquiring with the PCC, as to whether the PCC and Group is in compliance with laws and regulations, and discussing their policies and procedures regarding compliance with laws and regulations;
- inspecting correspondence, if any, with relevant licensing or regulatory authorities;

- reviewing relevant meeting minutes in the year;
- communicating identified laws and regulations throughout our engagement team and remaining alert to any indications of non-compliance throughout our audit; and
- considering the risk of acts by the PCC and Group which were contrary to applicable laws and regulations, including fraud.

We also considered those laws and regulations that have a direct effect on the preparation of the financial statements, such as the Local Government Act 2003 (and associated regulations made under section 21), the Local Government Finance Acts of 1988, 1992 and 2012, and the Accounts and Audit Regulations 2015.

In addition, we evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls) and determined that the principal risks were related to posting manual journal entries to manipulate financial performance, management bias through judgements and assumptions in significant accounting estimates, and significant one-off or unusual transactions.

Our audit procedures in relation to fraud included but were not limited to:

- making enquiries of management, Internal Audit and the PCC on whether they had knowledge of any actual, suspected or alleged fraud;
- gaining an understanding of the internal controls established to mitigate risks related to fraud;
- discussing amongst the engagement team the risks of fraud; and
- addressing the risks of fraud through management override of controls by performing journal entry testing.

There are inherent limitations in the audit procedures described above and the primary responsibility for the prevention and detection of irregularities including fraud, rests with both management and the PCC.

As with any audit, there remained a risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

We are also required to conclude on whether the Chief Financial Officer's use of the going concern basis of accounting in the preparation of the financial statements is appropriate. We performed our work in accordance with Practice Note 10: Audit of financial statements and regularity of public sector bodies in the United Kingdom, (Revised 2024) and Supplementary Guidance Note 01, issued by the National Audit Office in November 2024.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Report on the PCC's arrangements for securing economy, efficiency, and effectiveness in its use of resources

Matter on which we are required to report by exception

We are required to report to you if, in our view, we are not satisfied that the PCC has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2025.

We have nothing to report in this respect.

Responsibilities of the PCC

The PCC is responsible for putting in place proper arrangements to secure economy, efficiency, and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the review of arrangements for securing economy, efficiency, and effectiveness in the use of resources

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to satisfy ourselves that the PCC has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the PCC's arrangements for securing economy, efficiency, and effectiveness in its use of resources are operating effectively.

We have undertaken our work in accordance with the Code of Audit Practice, having regard to the guidance issued by the Comptroller and Auditor General in November 2024.

Matters on which we are required to report by exception under the Code of Audit Practice

We are required by the Code of Audit Practice to report to you if:

- we issue a report in the public interest under section 24 of the Local Audit and Accountability Act 2014;
- we make a recommendation under section 24 of the Local Audit and Accountability Act 2014; or
- we exercise any other special powers of the auditor under sections 28, 29 or 31 of the Local Audit and Accountability Act 2014.

We have nothing to report in these respects.

Use of the audit report

This report is made solely to the PCC, as a body, in accordance with part 5 of the Local Audit and Accountability Act 2014 and the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the PCC those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the members of the PCC, as a body, for our audit work, for this report, or for the opinions we have formed.

Delay in certification of completion of the audit

We cannot formally conclude the audit and issue an audit certificate until we have received confirmation from the NAO that the group audit of the Whole of Government Account has been completed and that no further work is required to be completed by us.

GROUP COMPREHENSIVE INCOME AND EXPENDITURE

STATEMENT FOR THE YEAR ENDED 31st March 2025

This statement shows the accounting cost in year of the Group in accordance with accepted accounting practice. The statements have been prepared assuming the going concern concept, i.e. its functions and services will continue in operational existence for the foreseeable future. In practice all funding is received, and the respective payments made, by the PCC.

GROUP MOVEMENT ON RESERVES STATEMENT FOR THE YEAR ENDED 31st March 2025

This statement shows the movement in the year on the different reserves held by the Group. The statement analyses the reserves between “usable” and “unusable”. The Group holds the reserves in respect of pension liability and the movements are included within this statement in line with the accounting standard IAS19.

	General Fund Balance	Earmarked Reserves	Capital Receipts Reserve	Total Usable Reserves	Total Unusable Reserves	Total Group Reserves
	£000	£000	£000	£000	£000	£000
Balance at 31st March 2024	(5,772)	(11,850)	(6,053)	(23,675)	1,347,469	1,323,795

GROUP & PCC NOTES TO THE CORE FINANCIAL STATEMENTS

1. GROUP ACCOUNTING POLICIES

A) PROPERTY, PLANT AND EQUIPMENT

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to generate economic benefit during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accrual's basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the PCC Group and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense when it is incurred.

Measurement

Assets are initially measured at cost, comprising:

- the purchase price
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management
- the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

Assets are then carried in the Balance Sheet using the following measurement bases:

- Property, Plant and Equipment – current value, determined using the basis of existing use value (EUV).

Where there is no market-based evidence of current value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of current value.

Surplus assets are valued at Fair Value.

Assets reclassified as Held for Sale are valued at Market Value.

Revaluations & Impairment

Assets included in the Balance Sheet at fair value are revalued every five years (revalued as at 31st March 2025), and reviewed annually for impairment. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains.

Where decreases in value (market value) are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)

- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1st April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Impairment

Where there is a material reduction in the value of an asset caused by a consumption of economic benefits (e.g. physical damage or deterioration in the quality of the service provided by the asset) the loss is reflected through an impairment charge to Net Cost of Services.

Impairment losses are accounted for as a decrease in valuation as set out above.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land) and assets that are not yet available for use.

Depreciation is calculated on the following bases:

- Dwellings and other buildings – straight-line allocation over the useful life of the property; 40 Years
- Plant, furniture and equipment – straight-line allocation over the useful life of the asset; 5 – 10 Years
- Motor Vehicles – straight-line allocation over the useful life of the assets; 3 Years
- Specialist vehicles – straight-line allocation over the useful life of the assets; 4 - 15 Years

For assets acquired in the year, depreciation is applied from the 1st April of the following financial year. Incomplete assets are not depreciated until they are brought into use. A full year's depreciation is charged in the year of disposal to be consistent with not charging any depreciation until the 1st April of the year after an asset is brought into use.

Where an item of Property, Plant and Equipment has major components whose cost is significant in relation to the total cost of the item and a significantly different useful economic life, the components are depreciated separately from 1st April 2010. The PCC Group has undertaken this review and has no significant components in the 2024/25 financial year – this review will be undertaken annually.

Disposals and Non-current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to non-current.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale.

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) and any receipts from the

disposal are transferred to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as the gain or loss on disposal. Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal are categorised as capital receipts.

The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

B) INTANGIBLE ASSETS

Expenditure on non-current assets that do not have physical substance but are controlled by the PCC Group because of past events (e.g. software licences) is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the PCC Group.

Intangible assets are measured initially at cost. Amounts are only revalued where the fair value of the assets held by the PCC Group can be determined by reference to an active market. In practice, no intangible asset held by the PCC Group meets this criterion, and they are therefore carried at amortised cost. The amortisable amount of an intangible asset is amortised over its useful life to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired – any losses recognised are posted to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and for any sale proceeds, the Capital Receipts Reserve.

Charges to Revenue for Non-Current Assets

Services are debited with the following amounts to record the cost of holding non-current assets during the year:

- depreciation attributable to the assets used by the relevant service
- amortisation of intangible assets attributable to the service
- revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off.

The PCC is not required to raise council tax to fund depreciation, revaluation and impairment losses or amortisations. However, it is required to make an annual contribution from revenue towards the reduction in its overall borrowing requirement. Depreciation, revaluation and impairment losses and amortisations are therefore replaced by the contribution in the General Fund Balance (Minimum Revenue Provision), by way of an adjusting transaction through the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

C) DE MINIMIS LEVEL

Capital Expenditure – The PCC has agreed a de minimis level of £5,000 for the acquisition, renewal or replacement of buildings, vehicles, plant, machinery or other equipment (this relates to the bulk purchase of ICT rather than the individual elements.) to count as prescribed capital expenditure.

Capital Receipts – All receipts from the sale of non-current assets, are to be classified as a capital receipt.

D) GOVERNMENT GRANTS AND CONTRIBUTIONS

Whether paid on account, by instalments or in arrears, government grants and third-party contributions and donations are recognised as due to the PCC Group when there is reasonable assurance that:

- the PCC Group will comply with the conditions attached to the payments, and
- the grants or contributions will be received.

Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired, using the grant or contribution, are required to be consumed by the recipient as specified, or they must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When no conditions exist or have been satisfied, the grant or contribution is credited to the relevant service line or Taxation and Non-Specific Grant Income (non-ring-fenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied reserve. Where it has been applied, it is posted to the Capital Adjustment Account.

E) CASH AND CASH EQUIVALENTS

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are those that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the PCC Group's cash management.

F) LEASES

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

The PCC Group as Lessee

Finance Leases

Property, plant and equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value

of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. In line with IFRS16.

Lease payments are apportioned between:

- a charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability, and
- a finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied to such assets.

The PCC has finance leases relating to PFI (as disclosed in note 27).

The PCC has implemented the requirement of accounting standard IFRS 16 and the required transactions are recorded in the accounts.

G) DEBTORS AND CREDITORS

Both the revenue and capital accounts of the PCC Group are maintained on an accrual's basis in accordance with the Code of Accounting Practice. That is, sums due to or payable by the PCC Group during the year are included in the accounts whether the cash has been received or paid in the year. No, de minimis is applied to this process.

H) VALUATION OF INVENTORIES

Inventories held at 31st March are valued at the lower of cost or current market value.

I) FINANCIAL INSTRUMENTS

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another. They are recognised in the Balance Sheet when, and only when, the holder becomes committed to the purchase. The only exceptions are trade receivables and trade debtors when the PCC Group recognises these transactions on delivery or receipt.

Typical financial instruments are trade payables and trade receivables, borrowings, bank deposits and investments.

Financial Liabilities

Financial liabilities are initially measured at fair value and carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the CIES for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts the estimated future cash payments over the life of the instrument to the amount at which it was initially recognised. This means that the amount presented in the Balance Sheet is the outstanding principal repayable (plus accrued interest) and interest charged to the CIES is the amount payable for the year according to the loan agreement.

Financial Assets

Financial assets are measured either at amortised cost or at fair value.

Financial Assets Measured at Amortised Cost are recognised when the Group becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and carried at

their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line of the CIES for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. This means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the CIES is the amount receivable for the year in the loan agreement.

J) PROVISIONS

Provisions represent the best estimate, at the balance sheet date, of expenditure required to settle the present obligation. The outcome must be able to be estimated reliably and have a probable outcome. Details of individual provisions are given in the Notes to the Core Financial Statements.

K) RESERVES

The PCC sets aside specific amounts as reserves (Usable) for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to be charged against the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there is no net charge against council tax for the expenditure.

Certain reserves (Unusable) are kept to manage the accounting processes for non-current assets, financial instruments, retirement and employee benefits and do not represent usable resources for the PCC.

L) SELF-INSURED RISKS

The PCC Group maintains external insurance policies for major risks such as Third-Party Motor cover and Employer's Liability. The excess on these policies and claims arising from less significant risk areas are borne by the Insurance Fund. Details of the Fund balance are shown in the notes on Provisions.

M) INVESTMENTS

Surplus cash is invested externally on a day-to-day basis. Investments at 31st March are shown in the balance sheet at fair value.

N) EMPLOYEE BENEFITS

Benefits Payable during Employment

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as time off in lieu, flexitime and paid holidays for current employees and are recognised as an expense for services in the year in which employees render service to the PCC Group. An accrual is made for the cost of these entitlements earned by employees but not taken before the year-end, which employees can carry forward into the next financial year. The accrual is charged to Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that employee benefits are charged to revenue in the financial year in which the absence occurs but are not chargeable against Council Tax.

O) PENSIONS

The PCC Group participates in two different pension schemes, which meet the needs of police officers and support staff. The schemes provide members with defined benefits related to pay and service. Employees' and employers' contribution levels are based on percentages on pensionable pay set nationally by the Home Office and are subject to triennial review by the Government Actuary Department. The schemes are as follows: -

i) Uniformed Police

The PCC Group meet the pension payments by the payment of an employer's pension contribution based on a percentage of pay into the pension fund.

The pension fund is balanced to nil each year by a transfer to/from the Police Fund.

This scheme has no assets and does not consider the liabilities to pay pensions and other benefits after the period end.

ii) Support Staff

Support Staff, subject to certain qualifying criteria, are eligible to join the Local Government Superannuation Scheme, which is operated by Teesside Pension Fund. The pension costs charged to the PCC Group's accounts equate to the employer's contributions paid to the fund on behalf of eligible employees. Further costs arise in respect of certain pensions paid to retired employees on an unfunded basis.

The pensions costs included in the accounts in respect of these schemes have been determined in accordance with relevant Government Regulations. The PCC Group complies with the requirements of IAS19 in that the Balance Sheet shows the full value of future liabilities in respect of retirement benefits payable to its employees.

The Code of Practice on Local Authority Accounting in the United Kingdom 2024/25 (the Code) requires the following accounting policies to be applied to the various elements of the net asset/liability:

- Where a PCC participates in more than one scheme, schemes with net assets should be shown separately from those with net liabilities.
- The attributable assets of each scheme should be measured at fair value, which is based on bid value.
- The attributable liabilities of each scheme should be measured on an actuarial basis using the projected unit method.
- Scheme liabilities should be discounted at a rate that reflects the time value of money and the characteristics of the liability.
- The surplus/deficit in each scheme is the excess/shortfall of the value of the assets in the scheme over/below the present value of the scheme.
- The current service cost should be based on the most recent actuarial valuation at the beginning of the period, with the financial assumptions updated to reflect conditions at that date.
- The interest cost should be based on the discount rate and the present value of the scheme liabilities at the beginning of the period.
- The expected return on assets is based on long-term expectations at the beginning of the period and is expected to be reasonably stable.
- Actuarial gains/losses may arise from any new valuation and from updating the latest actuarial valuation to reflect conditions at the balance sheet date.
- Past service costs should be disclosed on a straight-line basis over the period in which the increase in benefits rest.
- Losses arising on a settlement or curtailment not allowed for in the actuarial assumptions should be measured at the date on which the employer becomes demonstrably committed to

the transaction and disclosed in the notes to the accounts covering that date. Gains arising from settlement/curtailments not allowed for in the actuarial assumptions should be measured at the date on which all parties whose consent is required are irrevocably committed to the transaction.

P) OVERHEADS AND SUPPORT SERVICES

The costs of overheads and support services are charged to those that benefit from the supply or service in accordance with the costing principles of the CIPFA Service Reporting Code of Practice 2024/25 (SeRCOP). The total absorption costing principle is used – the full cost of overheads and support services are shared between users in proportion to the benefits received, except for:

- Undistributed Costs – the cost of discretionary benefits awarded to employees retiring early and impairment losses chargeable on Assets Held for Sale.

These two cost categories are defined in SeRCOP and accounted for as separate headings in the Comprehensive Income and Expenditure Statement, as part of Net Cost of Services.

Q) PRIVATE FINANCE INITIATIVE

The PCC is party to two separate PFI schemes, one for the provision of Firearms Training facilities at Uray Nook. The other is for the provision of centralised custody and District HQ facilities.

The treatment of transactions under the schemes is in accordance with IFRIC 12 – Service Concessions and the IFRS Code.

R) VALUE ADDED TAX

VAT is included in the accounts only if it is irrecoverable from His Majesty Revenue Customs (HMRC).

S) PRECEPT

Precept is accounted for on an agency basis.

T) POST BALANCE SHEET EVENTS

Events after the Balance Sheet date are reflected by the PCC Group up to the date when the Statement of Accounts are authorised for issue.

U) PRIOR PERIOD ADJUSTMENTS

Prior period adjustments, where material and applicable to prior years, are accounted for by restating the comparative figures for the preceding period in the Statement of Accounts and notes and adjusting the opening balance of the reserves for the cumulative effect.

V) REVENUE RECOGNITION

Revenue shall be measured at the fair value of the consideration received or receivable. Revenue is recognised only when it is probable that the economic benefits or service potential associated with the transaction will flow to the Group.

W) JOINT CONTROLLED OPERATIONS

The PCC Group engages in collaborative working arrangements with the Northumbria, Durham, and North Yorkshire Forces. The collaborative arrangements cover the delivery of a number of specific services on a regional basis. (Details of which can be found at Note 36 of the accounts).

Each participant accounts for the assets it controls, the liabilities it incurs, the expenses that it incurs and the income receivable in relation to amounts re-charged to the venture.

The PCC Group also engages in collaborative working in partnership with North Yorkshire and Durham forces (Evolve). This Collaboration is monitored by a Joint Governance Board.

X) CONTINGENT LIABILITIES

A contingent liability arises where an event has taken place that gives rise to a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Group. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but are disclosed in a note to the accounts.

Y) CONTINGENT ASSETS

A contingent asset arises where an event has taken place that gives rise to a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Group.

Contingent assets are not recognised in the Balance Sheet but are disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

Z) FAIR VALUE

The PCC Group measures its assets and liabilities at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- a) in the principal market for the asset or liability, or
- b) in the absence of a principal market, in the most advantageous market for the asset or liability.

The PCC Group measures the fair value of an asset or liability on the same basis that market participants would use when pricing the asset or liability (assuming that market participants act in their economic best interest).

When measuring the fair value of a non-financial asset, the PCC Group takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The PCC Group uses appropriate valuation techniques for each circumstance, maximising the use of relevant known data and minimising the use of estimates or unknowns. Inputs to the valuation techniques in respect of assets and liabilities for which fair value is measured or disclosed in the PCC Group financial statements are categorised within the fair value hierarchy, as follows:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the PCC Group can access at the measurement date.
- Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 – unobservable inputs for the asset or liability.

2 EXPENDITURE & FUNDING ANALYSIS

The Expenditure & Funding Analysis shows how the annual expenditure is used and funded from resources by the PCC in comparison with those resources consumed or earned by the PCC in accordance with generally accepted accounting practice.

2a Adjustments for Capital Purpose

Adjustments for capital purposes – this column adds in depreciation and impairment and revaluation gains and losses in the service line, and for:

- Other operating expenditure – adjusts for capital disposals with a transfer of income on disposal of assets and amounts written off for those assets.
- Financing and investment income and expenditure – the statutory charges for capital financing i.e. Minimum Revenue Provision and other revenue contributions are deducted from other income and expenditure as these are not chargeable under generally accepted accounting practices.
- Taxation and non-specific grant income and expenditure – capital grants are adjusted for income not chargeable under generally accepted accounting practices. Revenue grants are adjusted from those receivable in the year to those receivable without conditions or for which conditions were satisfied throughout the year. The Taxation and Non Specific Grant Income and Expenditure line is credited with capital grants receivable in the year without conditions or for which conditions were satisfied in the year.

2b Pension Adjustments

Net change for the removal of pension contributions and the addition of IAS 19 *Employee Benefits* pension related expenditure and income:

- For Services this represents the removal of the employer pension contributions made by the PCC Group as allowed by statute and the replacement with the current service costs; past service costs and curtailments / settlements.

- For Financing and Investment income and expenditure – the net interest on the defined liability is charged to the CIES.

2c Other Adjustments

Other differences between amounts debited/credited to the Comprehensive Income and Expenditure Statement and amounts payable/receivable to be recognised under statute:

- For Financing and investment income and expenditure the other differences column recognises adjustments to the General Fund for the timing differences for premiums and discounts.
- The charge under Taxation and non-specific grant income and expenditure represents the difference between what is chargeable under statutory regulations for council tax and that was projected to be received at the start of the year and the income recognised under generally accepted accounting practices in the Code. This is a timing difference as any difference will be brought forward in future Surpluses and Deficits on the Collection Fund.

3. ACCOUNTING STANDARDS ISSUED NOT ADOPTED

The Authority has reviewed those standards issued but not yet adopted by the code and has concluded that they are not applicable.

4. CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

In applying the accounting policies set out in Note 1, the Group and PCC has had to make certain judgements about complex transactions or those involving uncertainty about future events.

Accounting principles

It has been determined that substantially all assets and reserves of the PCC Group are recognised on the Group Balance Sheet.

5. ASSUMPTIONS MADE ABOUT THE FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY

The Statement of Accounts contains estimated figures that are based on assumptions made by the PCC Group about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances and transactions cannot be determined with certainty, actual results could be materially different from the assumptions and estimates. The items in the PCC Group's Balance Sheet at 31st March 2025 of which there is significant risks of material adjustment in the forthcoming financial year are as follows:

Pension Liability: Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the PCC with expert advice about the assumptions to be applied. Details of the impact of these assumptions are provided at Note 21: Pension Liability of the accounts.

Employee Benefits: An accrual has been made for employee benefits outstanding at the year end, comprising flexitime, annual leave, Time off in Lieu and re-rostered rest days. The accrual is estimated based on returns from each department and data captured from the Duty Management system. Approximately 45% of the accrual of £3.652m relates to Annual Leave and 54% relates to rest days in lieu (RDIL). An increase or decrease of 5% in the number of Annual Leave and RDIL owed would change the accrual by £0.180m.

Provisions: A provision has been made for the settlement of on-going claims not covered by insurers, based on claims received. An assessment of the settlement values of these claims is based on information received from our Insurers and past experience of similar claims. Due to the nature of the claims experience it is difficult to make a dependable assessment of the window during which particular litigation might determine, and consequently when any cost may be incurred.

Property, Plant and Equipment: Assets are depreciated over useful lives that are dependent on assumptions about the level of maintenance and repairs that will be incurred in relation to individual assets. The current economic climate makes it uncertain whether current spending on repairs and maintenance will be sustainable, bringing into doubt the useful lives assigned to assets. If the useful life of assets is reduced, depreciation increases and the carrying amount of assets falls. It is estimated that the annual depreciation charge for buildings would increase by £35k for every year that useful lives had to be reduced.

Valuation of assets and consideration of impairment depends on a number of complex judgements and a firm of Surveyors and Valuers is engaged to provide expert advice about the assumptions to be applied. The valuation (and any impairment review) is commissioned in accordance with UKPS 1.3 of the Royal Institution of Chartered Surveyors (RICS) Valuation Standards. The effects on the asset valuation of changes in the assumptions interact in complex ways and are difficult to evaluate.

The OPCC instructed Surveyors and Valuers as at the 28th February 2025 to undertake a full review property value. The impact of the review are included as at the balance sheet date.

6. MATERIAL ITEMS OF INCOME AND EXPENSE

There are no material items of income and expense which are not already disclosed on the face of the Comprehensive Income and Expenditure Statement or in the associated notes.

7. EVENTS AFTER THE BALANCE SHEET DATE

See Note 37.

Direct Revenue Funding of Capital

This reserve is held to meet the cost of capital schemes; Contributions to, and applications of revenue funding for, capital schemes have been made in 2024/25.

Injury Pension Reserve

To allow for the variable nature of future injury/medical retirements of Police Officers and the capital equivalent charges incurred. The reserve decreased by £384K in 2024/25.

Airwave Projects

This reserve was created in 2018/2019 to support the required investment in Airwave to maintain current capability whilst the National replacement solution is developed / delivered.

Action Stations PFI Sinking Fund

Changes to the PFI buildings will result in variable increases to the Unitary Charge across the life of the contract. However, these changes are of variable amounts given their different life cycles. This sinking fund will be used to manage the uneven changes to that charge across the remaining life of the contract.

Incentivisation Grant

This reserve relates to Cleveland's share of seized cash provided by the Government and will be spent on eligible schemes in future years.

Tactical Training Centre

The Tactical Training Centre has reserves that total £162k which are held by the PCC for Durham, the PCC for Cleveland's share of these reserves total £81k.

Police Property Act Fund

The Police Property Act Fund comprises monies received by the PCC from property confiscated by order of court and then sold. The PCC Group administers the fund and considers applications from voluntary organisations and community groups within the Cleveland area. The main aim of the fund is to support local projects undertaken by voluntary/charitable organisations that benefit the communities of Cleveland, especially those which have a positive impact in reducing crime and disorder at a local level.

WAN Earmarked Reserve

The reserve has been created to hold funding to be spent on the development WAN capability across the force. This was released in 2024/25.

North East Regional Organised Crime Unit (NEROCU)

North East Regional Organised Crime Unit (NEROCU) is a collaboration between Northumbria, Durham and Cleveland Forces to address organised and serious crime. At the 31st March 2025 the reserves position was £792K of which Cleveland's share is £190K.

Road Safety Initiative Reserve

The reserve has been created to hold funding to be spent on road safety initiatives.

Collaboration Reserve

The reserve has been created to provide support to the work in relation to collaboration activity with other Forces and partners

Insurance – Legal Reserve

The reserve has been created to mitigate and manage the risks associated with increased costs of litigation and claims. This reserve has been released to the Insurance provision in 2024/25.

Pay Inflation Reserve

The reserve has been created to mitigate and manage the risks associated with increased costs of pay inflation. The Group felt it prudent to increase the reserve by £546K.

PCC Change Reserve

The reserve has been created to support change within the OPCC.

CP Change Reserve

The reserve has been created to support change within the Force £302K was released from the reserve in year.

Commissioning Services Reserve

The reserve has been created to support the OPCC commitment to invest in a range of services and projects. The reserve has been fully released in year.

North East Transformation Fund

The reserve represents the funds identified to support transformation projects across the region in conjunction with regional partners. Fully released in 2024/25

Major Incident Reserve

The reserve has been created to help smooth the impact on annual revenue budgets which are subject to significant pressures to the volatility, unpredictability and significant costs incurred when dealing with Major incidents. To mitigate in year pressures £618K of the reserve was released to fund investigations.

EDI Reserve

The reserve has been created to support the Force equality, diversity, and inclusion activity. This has been released in year.

Recruitment Reserve

The reserve has been created to support setup costs associated with proposed new routes of entry into the organisation both Police & Staff. There was a net increase of £39K.

Depreciation

The following useful lives and depreciation rates have been used in the calculation of depreciation:

- Land and Buildings – 40 years (land is not depreciated)
- Vehicles – 3 – 15 years
- Plant, Furniture & Equipment – 5 to 10 years

Capital Commitments

As at 31st March 2025, the PCC Group was contractually committed to capital works which amounted to approximately £0.900m and corresponding budgeted carry forwards of £1.068m for the delivery the schemes. (£3.198m at 31st March 2024).

Revaluations

Freehold properties were re-valued as at 28th February 2025 by Sanderson Weatherall, Chartered Surveyors in accordance with the CIPFA Capital Accounting Guidance notes VGM8A and 8B and the Royal Institution of Chartered Surveyors Appraisal and Valuation Manual "The Red Book". The next five yearly revaluations will take place in 2029/30.

The Code requires that PCC should undertake a review of the Balance Sheet value of each category of assets at the end of each reporting period. Where there is reason to believe that its value has changed materially in the period, the valuation should be adjusted accordingly.

For Land & Buildings a desk top review is undertaken to assess the asset value against market conditions. For Plant & Machinery and Vehicles, all asset lives and residual values were reviewed and therefore any values adjusted accordingly.

The PCC Group does not currently hold any properties or land for investment purposes.

13. INTANGIBLE ASSETS

The PCC Group accounts for its software as intangible assets, to the extent that the software is not an integral part of a particular IT system and accounted for as part of the hardware item of Property, Plant and Equipment. All software is given a finite useful life, based on assessments of the period that the software is expected to be of use to the PCC Group. The useful lives assigned to the major software suites used by the PCC Group are assessed individually.

Group and PCC	31 March 2025	31 March 2024
	£000	£000
Balance at 1 April	9,805	9,567

Amortisation on Disposals	115	224
Amortisation	(1,581)	(1,811)
Net Carrying amount at 31 March	3,329	3,767
Gross Carrying Amounts	10,833	9,805
Accumulated Amortisation	(7,504)	(6,038)

14. FINANCIAL INSTRUMENTS

All the PCC Group's financial assets relate to loans and receivables and are measured at fair value which, in all cases, is their absolute value. Debtors are reviewed for impairment and the credit loss allowance for doubtful debts reflects any risk relating to uncertainty around receipt.

All financial liabilities relate to creditors and are measured at their fair value.

Financial instruments give rise to certain areas of risk which must be mitigated:

- Credit risk – the possibility that other parties might fail to pay amounts due to the PCC Group.
- Liquidity risk – the possibility that the PCC Group might not have funds available to meet its commitments to make payments.
- Market risk – the possibility that financial loss might arise for the PCC Group as a result of changes in such measures as interest rates.

The PCC Group is not open to material exposures to these risks due to a range of controls:

- an authorisation procedure for all investments
- access to borrowing from the Public Works Loan Board
- a high proportion of fixed rate investments
- a programme of authorised and reviewed Prudential Indicators and Treasury Management Reports which are taken to Audit Committee.

Group and PCC	31 March 2025 £000	31 March 2024 £000

Total Long Term Loans	12,501	18,000

The PCC's Long Term Borrowing consists solely of loans taken from the Public Works Loans Board (PWLB). The fair value of the PWLB loans measures the economic effect of the terms agreed with

the PWLB compared with estimates of the terms that would be offered for market transactions undertaken at the Balance Sheet date which has been assumed as the PWLB new borrowing rates.

15. DEBTORS

Total	(2,603)	(127)	121	(2,609)	(1,704)	1,448	(2,865)

Insurance Liabilities & Insurance

The provision is required to fund the potential liability in respect of current Insurance claims. The potential liability is calculated with reference to the "reserves" set by the Insurers on a case-by-case basis. An actuarial review of liability was undertaken in March 2025 and indicated the provision be increased to £2,269K. The release of the provision is dependent on the length and complexity of each case.

Employee Related Remuneration

The provision relates to outstanding claims in relation to the Allard ruling, which required Officers to be compensated for overtime in relation to their contacts with covert human intelligence sources (CHISs) outside their normal hours of duty. It is anticipated this provision will be released in the forthcoming twelve months.

20. PENSIONS

As part of the terms and conditions of employment of its officers and other employees, the PCC Group offers retirement benefits. Although these benefits will not actually be payable until employees retire, the PCC Group has a commitment to disclose the payments that will need to be made at the time that employees earn their future entitlement.

The PCC Group participates in two pension schemes:

The **Local Government Pension Scheme** for civilian employees, administered by Teesside Pension Fund – this is a funded scheme, meaning that the PCC Group and employees pay

contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets. Participants of the scheme can leave the scheme within two years of their joining date and receive a full refund of their contributions.

The **Police Pension Scheme** for police officers – this is an unfunded scheme, meaning that there are no investment assets built up to meet the pension liabilities, and cash has to be generated to meet actual pensions payments as they eventually fall due. Participants of the scheme can leave the scheme within two years of their joining date and receive a full refund of their contributions.

We recognise the cost of retirement benefits in the Net Cost of Services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge we are required to make against council tax is based on injury and medical pensions paid in the year and the capital equivalent charge as a result of medical/injury early retirements, so the real cost of retirement benefits is reversed out within the Movement on Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement during the year:

Group	Local Government Pension Scheme		Police Pension Scheme		Total	
	2024/2025 £000	2023/2024 £000	2024/2025 £000	2023/2024 £000	2024/2025 £000	2023/2024 £000

Note 21 contain details of the assumptions made in estimating the figures included in this note.

21. PENSIONS LIABILITY (Net)

Note 1 accounting policies contains details of the PCC Group's participation in the Local Government Pension Scheme and the Police Pension Scheme (administered by XPS Pensions Group) in providing civilian and uniformed officers with retirement benefits.

The underlying assets and liabilities for retirement benefits attributable to the Group at 31st March 2025 are as follows.

The liabilities show the underlying commitments that the PCC Group has in the long run to pay retirement benefits. The total net liability of £1,364m has a substantial impact on the net worth of the PCC Group as recorded in the Balance Sheet, resulting in a negative overall balance of £1,175m. However, statutory arrangements for funding the deficit mean that the financial position of the Group remains healthy.

The deficit on the Local Government Pension Scheme will be made good by increased contributions over the remaining working life of the employees, as assessed by the scheme actuary. Finance is only required to be raised to cover police pensions when the pensions are actually paid.

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels etc. Both the Police Pension Scheme and the Teesside Pension Fund liabilities have been assessed by Hymans Robertson LLP, an independent firm of actuaries, with estimates for the PCC Group being based on the latest full valuation of the scheme as at 31st March 2025.

The main assumptions used in their calculations in line with have been:

Group and PCC	Local Government Pension Scheme		Police Pension Scheme	
	31/03/25	31/03/24	31/03/25	31/03/24
Pension revaluation rate- 2015	0.0%	0.0%	3.8%	3.9%
Rate of inflation (CPI) (Note 1)	2.8%	2.8%	2.5%	2.6%
Rate of increase in salaries	3.8%	3.8%	3.5%	3.6%
Rate of increase in pensions	2.8%	2.8%	2.5%	2.6%
Rate for discounting scheme liabilities	5.8%	4.9%	5.8%	4.8%

Note 1: The accounting standard requires employers to use their best estimate of long-term inflation (consumer prices inflation for the LGPS). Therefore, the assumption in the table above represents our best estimate of average annual inflation for the next 20 years.

Group and PCC	Mortality Assumptions							
	Local Government Pension Scheme		1987 Police Pension Scheme		2006 Police Pension Scheme		2015 Police Pension Scheme	
	Males	Females	Males	Females	Males	Females	Males	Females

Actuarial Gain/ (Loss) Recognised in Other Comprehensive Income	(8)	(1,999)
Effect of Change in Accounting Methodology	0	0

NB: Asset Ceiling Adjustment Group & PCC.

An asset ceiling test limits the amount of the net pension asset that can be recognised to the lower of:-

- (1) the amount of the net pension asset or
- (2) the present value of any economic benefits available in the form of refunds or reductions in future contributions to the plan.

The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan. The Force's actuary has calculated the present value of reduction in future contributions to the plan by calculating the net present value of future service costs less net present value of future contributions.

The application of the asset ceiling test has resulted in an adjustment of £68.107m in the Group accounts and £5.486m in the PCC accounts from the actuarial valuations, respectively.

Total Members Allowances	11	9

26. RELATED PARTIES

Group and PCC

The PCC Group is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the PCC Group or to be controlled or influenced by the PCC Group. Disclosure of these transactions allows readers to assess the extent to which the PCC Group might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the PCC Group.

Middlesbrough Borough Council administers the Teesside Pension Fund of which the Office of the PCC is a member as a Corporate Body.

Central Government has effective control over the general operations of the PCC Group – it is responsible for providing the statutory framework within which the PCC Group operates and provides the majority of its funding in the form of Grants. During the year material transactions with related parties arose as follows and are included within the Income and Expenditure account:

Government Departments	£000's
Income	
Police Grant	(61,800)
NNDR	(47,545)

Local Council Tax Support	(6,868)
PFI Grant	(4,106)
Special Grant : HIU	(2,180)
Uplift Grant	(5,097)
Ministry of Justice Victim & Witness Grant	(1,537)
Violence against Women	(1,033)
Pay Award Grant	(1,963)
Grant in Lieu of Council Tax	(800)
Safer Streets Grant	(340)
Incentivisation Grant	(683)
Dedicated Security Posts Funding	(140)
Cyber Grant	(140)
Serious Violence Duty Grant	(93)
Income Total	(165,870)
Expenditure	
Home Office: National Law Enforcement ICT Charges	1,428
	1,428

During 2024/25 there was one has declared related party interest. The details of which a listed below:-

Declaration by: M Storey
Position: Police and Crime Commissioner for Cleveland

Declaration A partner, senior manager, executive or major stakeholder of an entity that has a commercial relationship with the PCC. Namely; P Storey: Deputy Mayor: Middlesbrough Borough Council.

Net Value of transactions: £968,118.81

Respective turnover of parties: OPCC: £176m : Middlesbrough BC: £143m.

27. PRIVATE FINANCE INITIATIVE

Group and PCC

As at the end of 2024/25 the PCC Group has two long term contracts under the Private Finance Initiative.

- 1) The contract for the Tactical Training Centre for Urray Nook (referred to as Urray Nook) was entered into in April 2000 with payments commencing in April 2001.
 - The Strategic Partnership Agreement (SPA) with Cleveland FM Services contains clauses and schedules that ensure the services described within the agreement are to be delivered. Schedules contain a design and construction element and an output specification describing the quality of the services required. A payment performance mechanism underpins the contract charges agreed.
 - At the end of the contract term the SPA contains rights for the asset ownership to transfer to the Police and Crime Commissioner (PCC) from Support Services (Cleveland) Ltd.
 - The SPA contains rights for the PCC and Support Services (Cleveland) Ltd. to terminate the SPA, and these include:-
 - Termination and compensation rights for default by either party
 - Termination and compensation rights under a 'force majeure' event
 - Rights for voluntary termination by the PCC only

The contract expires in 2025/26.

- 2) During 2006/07 the contract for the Centralised Cell Accommodation and District HQ facilities (referred to as Action Stations) commenced with payments beginning in January 2007.
 - The Strategic Partnership Agreement (SPA) with Cleveland FM Services contains clauses and schedules that ensure the services described within the agreement are to be delivered. Schedules contain a design and construction element and an output specification describing the quality of the services required. A payment performance mechanism underpins the contract charges agreed.
 - At the end of the contract term the SPA contains rights for the asset ownership to transfer to the Police and Crime Commissioner (PCC) from Cleveland FM Services.
 - The SPA contains rights for the PCC and Cleveland FM services Ltd to terminate the SPA, and these include:-
 - Termination and compensation rights for default by either party
 - Termination and compensation rights under a 'force majeure' event
 - Rights for voluntary termination by the PCC only
- The contract expires in 2031/32.

The contracts are accounted for in accordance with IFRIC 12 and details of the movement in assets and liabilities, plus information regarding future payments is shown below:

31. USABLE RESERVES

Group and PCC

Description of Reserve	31 March 2023 £000	Receipts in Year £000	Transfers/ Payments in Year £000	31 March 2024 £000	Receipts in Year £000	Transfers/ Payments in Year £000	31 March 2025 £000
Earmarked Reserves	(10,741)	(7,171)	6,062	(11,850)	(3,891)	3,866	(11,874)
Capital Receipts Unapplied Reserve	(9,294)	(95)	3,336	(6,053)	(87)	4,107	(2,033)
General Fund	(5,042)	(730)	0	(5,772)	0	0	(5,772)
Total Usable Reserves	(25,077)	(7,996)	9,398	(23,675)	(3,978)	7,973	(19,679)

Earmarked Reserves – Please see Note 9 for a detailed analysis

Capital Receipts Unapplied Reserve – These capital receipts have been received from the disposal of non-current assets with any balance yet to applied to fund capital expenditure.

General Fund – This balance is available in order to support the future operations of the organisation should the need arise due to unforeseen circumstances.

32. UNUSABLE RESERVES

Group

Description of Reserve	31 March 2023 £000	Additions in Year £000	Reductions in Year £000	31 March 2024 £000	Additions in Year £000	Reductions in Year £000	31 March 2025 £000
Revaluation Reserve	(2,624)	(11,121)	78	(13,667)	(10,029)	549	(23,147)
Capital Adjustment Account	(2,834)	(6,664)	5,026	(4,472)	(4,682)	5,559	(3,595)
Pension Reserve	1,317,768	(84,762)	131,310	1,364,316	(312,226)	122,983	1,175,073
Collection Fund Adjustment Account	1	(2,358)	(1)	(2,358)	(596)	2,358	(596)
Accumulated Absence Reserve	3,801	3,650	(3,801)	3,650	3,652	(3,650)	3,652
Total Unusable Reserves	1,316,111	(101,255)	132,614	1,347,469	(323,881)	127,799	1,151,388

Revaluation Reserve – contains gains made by the PCC Group from increases in the value of its non-current assets since 1st April 2007, which is when the reserve was created.

Capital Adjustment Account – absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. This account also contains any revaluation gains prior to 1st April 2007. Further information can be found in Note 34.

Pension Reserve – absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. Further information can be found in Note 20: Pensions.

Collection Fund Adjustment Account – manages the differences arising from the recognition of Council Tax income in the Comprehensive Income and Expenditure Statement as it falls due from tax payers compared with the statutory arrangements for paying across amounts to the General Fund from the collection fund.

Accumulated Absence Reserve – absorbs the differences that would otherwise arise on the General fund balance from accruing for compensated absences earned but not taken in the year. Statutory arrangements require the impact on the General Fund balance is neutralised by transfers to/from the account. The reduction in year represents the settlement of prior year liability and the addition in year reflects the liability as the 31st March 2025.

PCC

Description of Reserve	31 March 2023 £000	Additions in Year £000	Reductions in Year £000	31 March 2024 £000	Additions in Year £000	Reductions in Year £000	31 March 2025 £000

Disposals	300	179
Balance at 31 March	(3,594)	(4,471)

34. GRANT INCOME

Group and PCC

ANALYSIS OF GRANTS	31 March 2025 £000	31 March 2024 £000
Credited to Taxation and Non specific Grant Income:		
National Non Domestic Rates	(47,545)	(46,588)
Police Grant	(62,600)	(57,391)
Precepts	(49,521)	(48,738)
Local Council Tax Support	(6,868)	(6,868)
Uplift Grant - Additional Recruitment Topup	(2,304)	-
Police Pensions Grant	(4,307)	-
Capital Grants and Contributions	-	-
	(173,146)	(159,585)
Credited to services:		
PFI - Urlay Nook	(941)	(941)
Dedicated Security Posts Funding	(140)	(128)
PFI - Action Stations	(3,165)	(3,165)
Incentivisation Grant	(683)	(396)
PCC Victim & Witness	(1,537)	(1,571)
Special Grant : HIU	(2,180)	(2,627)
Cyber Grant	(140)	(166)
Police Pension Grant	-	(1,324)
Uplift Grant	(5,097)	(5,497)
Safer Streets Grant	(340)	(683)
Hotspot Policing Grant	(424)	(520)
Violence against Women	(1,033)	(1,042)
Pay Award Grant	(1,963)	(3,958)
Serious Violence Duty Grant	(93)	(118)
PRISM - Workforce Integrity Grant	-	(250)
Immediate Justice Grant	(398)	(207)
ASB Hotspot Grant	(907)	(437)
Special Grant	-	(2,000)
Support 2023/24 Software Licence Costs (Sec 31)	-	(240)
McCloud Remedy Compensation Grant	(400)	-
Partnership Grants	(78)	-
	(19,518)	(25,269)
Total Grant Income	(192,664)	(184,854)

These grants have all been recognised within the Income and Expenditure Statement; however, £269k (£288K prior year) sits within creditors as income in advance as there is the potential this may have to be returned to the originating organisation.

35. ACCOUNTING FOR COLLABORATIVE ARRANGEMENTS

The Cleveland Police Force has five strategic collaborative arrangements that are classified as Joint Operations under the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom 2024/25.

They are:

1. Northeast Regional Organised Crime Unit (NEROCU) (rebranded from Northeast Regional Special Operations Unit (NERSOU).

2. Cleveland North Yorkshire Major Cold Case Review Team
3. National Police Air Service (NPAS).
4. Cleveland Durham Tactical Training Unit (TTC)
5. Forensic Collision Investigation (FCIN)

In line with the requirements under IFRS 3, 10, 11 and 12 as well as IAS27 and 28 and in line with the CIPFA Code of Practice the following notes must be disclosed in the annual statements.

1 North East Regional Organised Crime Unit (NEROCU)

NEROCU is a joint unit staffed by the Cleveland, Durham and Northumbria Police Forces to deliver an increased response to tackling serious and organised crime that transcends Force borders in the region. It comprises several highly specialised teams of officers and staff from the three Forces who work with embedded partners from His Majesty's Revenue and Customs (HMRC), UK Border Force and the National Crime Agency (NCA) to effectively tackle serious and organised crime across the region.

In accordance with the CIPFA Code of Practice mechanism it was determined that the arrangement be classified as a Joint Operation therefore there are no group accounting considerations only single entity statements are required.

The governance of the Joint Operation is managed through a Section 22A Agreement whereby the three Forces have equal voting rights in terms of decision made about the unit, but the funding is through a combination of Home Office Grants and Force contributions. The Force allocation is based on Home Office Core Grant allocations and for the financial period April 2024 to March 2025 the funding contributions made were Cleveland 24.30%, Durham 22.74% and Northumbria 52.96%.

Jointly funded assets are classified as those purchased through specific Home Office grants and by contributions from each force. These are currently valued at £1,873K (NBV) of which Cleveland's share is valued at £479K. The unit has reserves of £792K of which Cleveland's share is £190K (Prior year £180K).

NEROCU operates throughout the North East region.

The statement below highlights the income and expenditure, assets and liabilities for the financial year 2024/25 as required under the Section 22A agreement.

North East Regional Organised Crime Unit				
	Apportionment Total Costs	Durham 2024/25 22.74% £000's	Cleveland 2024/25 24.30% £000's	Northumbria 2024/25 52.96% £000's

2 Cleveland North Yorkshire Major Cold Case Review Team.

The Cleveland North Yorkshire Major Cold Case Review Team is staffed by North Yorkshire Police Force to provide a historic case reviews for both Cleveland and North Yorkshire Forces.

In accordance with the CIPFA Code of Practice mechanism it was determined that the arrangement be classified as a Joint Operation therefore there are no group accounting considerations only single entity statements are required.

The governance of the Joint Operation is managed through a Section 22A Agreement whereby the two Forces have equal voting rights in terms of decision made about the unit. The Force allocation is borne in proportion to demand and for the financial period 1st April 2024 to 31st March 2025 the funding contributions made were Cleveland 50.0% and North Yorkshire 50.0%.

The statement below highlights the income and expenditure for the financial year 2024/25 as required under the Section 22A agreement. All Forces hold their assets and liabilities separately within their individual group accounts.

Cleveland and North Yorkshire Cold Case Review Team			
	Apportionment Total Costs	Cleveland 2024/25 50.00% £000's	North Yorkshire 2024/25 50.00% £000's

	306	153	153
Contributions			
Cleveland	153	153	
North Yorkshire	153		153
	306	153	153

3 National Police Air Service (NPAS).

The National Police Air Service provides air support services under a section 22 agreement. The annual contribution for each Force is calculated on the percentage of flying hours per region. The annual contribution in 2024/25 by Cleveland Police £0.667m. (£0.738m 2023/24).

4 Cleveland Durham Tactical Training Unit (TTC)

TTC is a joint unit staffed by both the Cleveland and Durham Police Forces to provide firearms operations and training,

In accordance with the CIPFA Code of Practice mechanism it was determined that the arrangement be classified as a Joint Operation therefore there are no group accounting considerations only single entity statements are required.

The governance of the Joint Operation is managed through a Section 22A agreement whereby both Forces have a 50:50 financial obligation in terms of the joint operations income and expenditure and have equal voting rights in terms of decisions made about the unit.

CDTTU operates across the Durham and the Cleveland Force boundaries.

The statement below highlights the income and expenditure for the financial year 2024/25 as required under the Section 22A agreement. There are no joint assets or liabilities held within the unit only annual revenue costs. Both forces hold their assets and liabilities separately within their individual group accounts.

Tactical Training Unit				
	Total Costs £000's	Apportionment	Durham 2024/25 £000's	Cleveland 2024/25 £000's

5 Forensic Collision Investigation (FCIN)

The Forensic Collision Investigation (FCIN) is a joint unit staffed by both the Cleveland and Durham Police Forces.

In accordance with the CIPFA Code of Practice mechanism it was determined that the arrangement be classified as a Joint Operation therefore there are no group accounting considerations only single entity statements are required.

The governance of the Joint Operation is managed through a Section 22A Agreement whereby the two Forces have equal voting rights in terms of decision made about the unit. The unit is funded by contributions of Cleveland 50.0% and Durham 50.0%.

The statement below highlights the income and expenditure for the financial year 2024/25 as required under the Section 22A agreement. All Forces hold their assets and liabilities separately within their individual group accounts.

36. CONTINGENT LIABILITIES / ASSETS

Contingent Liabilities: -

Municipal Mutual Insurance (MMI)

Due to the potential liabilities that the force may face in regard to the on-going requirements to pay long standing claims against MMI, it is prudent to identify a contingent liability in the statement of accounts. It is an unknown amount and has an unknown longevity due to the nature of the claims

Contingent Asset:-

There are no assets as at the balance sheet date.

37. POST BALANCE SHEET EVENT

The following non-adjusting event has been identified:

In June 2023 the High Court ruled in the case of Virgin Media Limited v NTL Pension Trustees. The ruling was that certain pension scheme rule amendments were invalid if they were not accompanied by the correct actuarial confirmation. The High Court ruling has since been appealed. In a judgment delivered on 25 July 2024, the Court of Appeal unanimously upheld the decision of the High Court. The current position in relation to local government pension schemes (LGPS) is that actuarial confirmations for all amendments have not yet been located. The most recent update was in July 2024 from Government's Actuary Department (GAD) and included the following information:

- Relevant certificates have been located in respect of the 2014 reforms.
- We believe a certificate will have been prepared in respect of the 2008 reforms, but the initial electronic search for this has meant paper files would now need to be retrieved from archive storage to try and locate this.

While it is known there is potential for additional pension liabilities to be recognised, the impact in monetary terms is not known and it is reasonable to form the view that it is not reasonably estimable. While the Court of Appeal has upheld the High Court judgement, there are further actions that could be taken regarding the case. In addition, the certificate in respect of the 2008 reforms could be located.

On the 5 June 2025, the Government announced that it will "introduce legislation to give affected pension schemes the ability to retrospectively obtain written actuarial confirmation that historic benefit changes met the necessary standards." Once the legislation has been passed, this will mean that pension schemes will be able to obtain written confirmation from an actuary about the benefit changes that were previously made and apply that confirmation retrospectively without making the plan amendments void, if the changes met the necessary standards.

As the legislation remains to be passed the uncertainty will also remain until an actuary has provided retrospective written confirmation that the past plan amendments met the required standards.

38. AUTHORISATION OF ACCOUNTS

The Chief Finance Officer of the Police and Crime Commissioner for Cleveland has set and authorised the date of issue for the Statement of Accounts as the 27st June 2025. This is the date up to which events after the Balance Sheet date have been considered. Note: The Statement of Accounts may be subject to amendment at audit

Notes to the Pension Fund

The Pension Fund Accounts have been prepared in accordance with the Code of Practice and on an accrual's basis. This means that sums due to or from the Pension Fund are included as they fall due, whether the cash has been received or paid. The accounting convention adopted is historical cost.

The funding arrangements for the Police Pension scheme in England and Wales changed on 1st April 2006. Before 1st April 2006 the scheme did not have a percentage of pensionable pay type of employer's contribution, rather each Police Authority was responsible for paying the pensions of its own former employees on a pay-as-you-go basis. Under the new arrangements the scheme remains unfunded but will no longer be on a pay-as-you-go basis as far as individual entities are concerned. Entities will no longer meet the pension outgoings directly; instead they will pay an employer's pension contribution based on a percentage of pay into the Pension Fund. Each entity is required by legislation to operate a Pension Fund and the amounts that must be paid into and out of the Pension Fund are specified by regulation.

The Pension fund has no investment assets and the fund is balanced to nil each year by a transfer to/from the Police Fund. Benefits payable are funded by contributions from employers (35.3%) and employees (in a range of 11.9% to 15.05%) and any difference is met by a top-up grant from the Home Office.

Employers are also required to make payments into the Pension fund in respect of ill health retirements as they are granted.

Transfer values are those sums payable by or received from, other pension schemes for individuals only and relate to periods of previous pensionable employment. Transfers are accounted for on a receipts and payments basis.

The Pension Fund was established and is controlled under the Police Pension Fund Regulations 2009 (SI 2009 No 2060).

The Fund is administered by the entity.

The accounting policies detailed in this Statement of Accounts have been followed in dealing with items which are judged material in accounting for, or reporting on, the transactions and net assets of the fund. No significant estimation techniques have been adopted.

The Net Assets Statement does not include liabilities to pay pension and other benefits after the Balance Sheet date. The liabilities of the Pension scheme are accounted for under IAS19 and details can be found above.

Details of the long-term pension fund obligation are provided in Notes 20 and 21 of the main statements.

GLOSSARY OF TERMS

This Glossary of Terms is designed to aid interpretation of the PCC's Group Statement of Accounts.

ACCRUAL: The recognition, in the correct accounting period, of income and expenditure as it is earned or incurred, rather than as cash is received or paid.

ACCRUED BENEFITS: The benefits for service up to a given point in time, whether vested rights or not.

ACTUARIAL GAINS AND LOSSES: For a defined benefit scheme, the changes in actuarial deficits or surpluses that arise because events have not coincided with the actuarial assumptions made for the last valuation (experience gains or losses) or the actuarial assumptions have changed.

ACTUARIAL VALUATION: A valuation of assets held, an estimate of the present value of benefits to be paid and an estimate of required future contributions, by an actuary, on behalf of a pension fund.

AGENCY SERVICES: The provision of services by a Police and Crime Commissioner or Chief Constable (the agent) on behalf of another Police and Crime Commissioner or Chief Constable, which is legally responsible for providing those services. The responsible Police and Crime Commissioner or Chief Constable reimburses the Police and Crime Commissioner or Chief Constable providing the service.

AMORTISED COST: The cost of an intangible asset after amortisation, which is the systematic allocation of the depreciable amount of an asset over its useful life.

APPROPRIATIONS: Amounts transferred to or from revenue or capital reserves.

ASSET: An item which has a value; for example, land and buildings, vehicles, equipment, cash.

BALANCES: The total general balances available are the accumulated surplus of income over expenditure which enable operation without borrowing until the first precept and grant payments are received in the early part of the financial year. Balances are also used to cover any unexpected expenditure during the financial year.

BALANCE SHEET: This sets out the financial position of an organisation on a date. It shows the balances and reserves at the organisation's disposal, its long-term indebtedness, the fixed and net current assets employed in its operations and summarised information on the fixed assets held.

BUDGET: A statement of an organisation's plans in financial terms. A budget is prepared and approved before the start of each financial year and is used to monitor actual expenditure throughout the year.

CAPITAL ADJUSTMENT ACCOUNT: The account through which all financing of fixed assets is charged.

CAPITAL EXPENDITURE: Expenditure on new assets or on the enhancement of existing assets so as to prolong their life or enhance market value.

CAPITAL FINANCING CHARGES: The repayment of loans and interest used to pay for capital projects.

CAPITAL GRANT: Grant from Central Government used to finance specific schemes in the capital programme. Where capital grants are receivable these are used, as far as possible, to finance capital expenditure to which they relate in the year that the grant is received.

CAPITAL RECEIPTS: The proceeds from the sale of an asset, which may be used to finance new capital expenditure or to repay outstanding loan debt, as laid down within rules set by Central Government.

CAPITAL RESERVE: Created to provide an alternative source of financing for capital expenditure and to ensure some stability in the level of capital programmes that can be financed.

CASH FLOW STATEMENT: This summarises the cash receipts and payments of the Group arising from transactions for both revenue and capital purposes.

CHARTERED INSTITUTE OF PUBLIC FINANCE AND ACCOUNTANCY (CIPFA): This is the main professional body for accountants working in the public services.

COLLECTION FUND: A fund administered by each District Council in which individuals' council tax payments are paid. The Police and Crime Commissioner raises a precept on the fund to finance part of their net revenue expenditure.

COLLECTION FUND ADJUSTMENT ACCOUNT: The account through which to implement the accruals basis for recording the precept in these accounts without affecting the bottom line for taxpayers.

COMPONENT ACCOUNTING: Component accounting requires that where an asset has several components, which can be physically separated from the principal asset and which have significantly different useful lives, these should be recognised separately and should be depreciated based on their respective useful lives. Component accounting aims to improve depreciation accounting and thus improves the measurement of operating results. It also facilitates accounting for replacements.

CONTINGENCY: The sum of money set aside to meet unforeseen expenditure or liability.

COUNCIL TAX: The local tax levied on householders, based on the relative market values of property, which helps to fund local services.

CREDITORS: Individuals or organisations to whom money is owed at the end of the financial year.

CURRENT ASSETS AND LIABILITIES: Current assets are items that can be readily converted into cash. Current liabilities are items that are due immediately or in the short term.

CURRENT SERVICE COSTS (PENSIONS): The increase in the present value of a defined benefit scheme's liabilities expected to arise from the employee service in the current period.

CURTAILMENT: For a defined benefit scheme, an event that reduces the expected years of future service of present employees or reduces for a number of employees the accrual of defined benefits for some or all of their future service.

DEBTORS: Individuals or organisations from whom money is owed at the end of the financial year.

DEFERRED LIABILITIES: Liabilities which, by arrangement, are payable beyond the next year, at some point in the future or paid off by an annual sum over a period of time.

DEFERRED PENSIONS: Individuals who have ceased to be active members but are entitled to benefits payable at a later date.

DEFINED BENEFIT SCHEME: A pension scheme which defines the benefits independently of the contributions payable and the benefits are not directly related to the investments of the scheme.

DEPRECIATION: An annual charge to reflect the extent to which an asset has been worn out or consumed during the financial year.

DIRECT REVENUE FINANCING: Resources provided from the revenue budget to finance the cost of capital projects.

DISCRETIONARY BENEFITS: Retirement benefits which the employer has no legal, contractual or constructive obligation to award and which are awarded under discretionary powers.

EARMARKED RESERVES: These reserves represent monies set aside that can only be used for a specific purpose.

EXPECTED RATE OF RETURN ON PENSION ASSETS: For a funded defined benefit scheme, the average rate of return, including both income and changes in fair value but net of scheme expenses, expected over the remaining life of the related obligation on the actual assets held by the scheme.

EXTRAORDINARY ITEMS: Material items, possessing a high degree of abnormality, which derive from events or transactions that fall outside ordinary activities and are not expected to recur.

FINANCE AND OPERATING LEASE: A Finance lease transfers all of the risks and rewards of ownership of a fixed asset to the lessee. If these leases are used, the assets acquired have to be included within the fixed assets in the balance sheet at the market value of the asset involved. With an operating lease the ownership of the asset remains with the leasing company and an annual rent is charged to the relevant service revenue account.

FINANCIAL REGULATIONS: A written code of procedures approved by the Police and Crime Commissioner, intended to provide a framework for proper financial management.

GAD: The Government Actuaries Department. They provide estimates of the liabilities of the Police Pension Scheme.

GOING CONCERN: The concept that an organisation will remain in operational existence for the foreseeable future, in particular that the revenue accounts and balance sheet assume no intention to curtail significantly the scale of operations.

GOVERNMENT GRANTS: Assistance by government and inter-government agencies and similar bodies, whether local, national or international, in the form of cash or transfers of assets to an authority in return for past or future compliance with certain conditions relating to the activities of the authority.

IMPAIRMENT: A reduction in the value of an asset from the balance sheet value occurring as a result of a change in the condition and consumption of the asset or as a result of market conditions.

INCOME AND EXPENDITURE ACCOUNT: This summarises the resources generated and consumed for the year and shows how the costs have been financed.

INTEREST INCOME: The money earned from the investment of surplus cash.

INTEREST COSTS (PENSIONS): For a defined benefit scheme, the expected increase during the period in the present value of the scheme liabilities because the benefits are one period closer to settlement.

INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS): Standards and Interpretations adopted by the International Accounting Standards Board (IASB). They comprise:

(a) International Financial Reporting Standards;

(b) International Accounting Standards; and

(c) Interpretations developed by the International Financial Reporting Interpretations Committee (IFRIC) or the former Standing Interpretations Committee (SIC).

INVESTMENTS (PENSION FUND): The investments of a Pension Fund will be accounted for in the statements of that Fund. However, sponsoring bodies are also required to disclose, as part of disclosures relating to retirement benefits, the attributable share of pension scheme assets associated with their underlying obligations.

MINIMUM REVENUE PROVISION (MRP): The statutory minimum amount which a Police and Crime Commissioner is required to set aside on an annual basis as a provision to redeem debt.

NET BOOK VALUE: The amount at which fixed assets are included in the balance sheet, i.e. their historical cost or current value less the cumulative amounts provided for depreciation.

NET CURRENT REPLACEMENT COST: The cost of replacing or recreating the particular asset in its existing condition and in its existing use, i.e. the cost of its replacement or of the nearest equivalent asset, adjusted to reflect the current condition of the existing asset.

NATIONAL NON-DOMESTIC RATES (NNDR): The business rate in the pound is the same for all non-domestic ratepayers and is set annually by the government. Income from business rates goes into a central government pool that is then distributed according to resident population.

NON-OPERATIONAL ASSETS: Non-operational assets are fixed assets held but not directly occupied or used in the delivery of services. They include surplus properties awaiting disposal and assets that are under construction.

OPERATIONAL ASSETS: Fixed assets held and occupied, used or consumed in the direct delivery of those services for which they have either a statutory or discretionary responsibility.

OUTTURN: The actual amount spent in the financial year.

PAST SERVICE COST: For a defined benefit scheme, the increase in the present value of the scheme liabilities related to employee service in prior periods arising in the current period as a result of the introduction of, or improvement to, retirement benefits.

PAYMENTS IN ADVANCE: These represent payments prior to 31 March for supplies and services received by the Group after 1 April.

PENSION FUND: A fund which makes pension payments on retirement of its participants.

POLICE GRANT: A grant paid by the government to Police and Crime Commissioners as a proportion of the Formula Spending Share or FSS.

PRECEPT: The income which the Police and Crime Commissioner requires the District Council to raise from Council Tax on behalf of the Police and Crime Commissioner.

PROJECTED UNIT METHOD: An accrued benefits valuation method in which the scheme liabilities make allowances for projected earnings. The scheme liabilities at the valuation date relate to:

- the benefits for pensioners and deferred pensioners, and their dependents, allowing where appropriate for future increases and
- the accrued benefits for members in service at the valuation date.

PROVISION: An amount set aside to provide for a liability that is likely to be incurred but the exact amount and the date on which it will arise are uncertain.

PUBLIC WORKS LOAN BOARD (PWLb): A government agency which provides longer-term loans to local authorities at interest rates only slightly higher than those at which the government itself can borrow.

RECEIPTS IN ADVANCE: These represent income received prior to 31 March for supplies and services provided by the Group after 1 April.

RESERVES: Monies set aside by the Group that do not fall within the definition of provisions.

RETIREMENT BENEFITS: All forms of consideration given by an employer in exchange for services rendered by employees that are payable after the completion of employment.

REVENUE CONTRIBUTIONS TO CAPITAL: Contribution from the Comprehensive Income and Expenditure Statement to finance capital expenditure and thus reduce the requirement to borrow.

REVENUE SUPPORT GRANT (RSG): General government grant support towards expenditure.

REVALUATION RESERVE: This account represents the difference between the current valuation of fixed assets and the historic costs of those assets. This Account came into effect 1 April 2007.

SCHEME LIABILITIES: The liabilities of a defined benefit scheme for outgoings due after the valuation date. Scheme liabilities measured using the projected unit method reflect the benefits that the employee is committed to provide for service up to the valuation date.

SERVICE REPORTING CODE OF PRACTICE FOR LOCAL AUTHORITIES (SeRCOP): A CIPFA guide to accounting for best value which provides a consistent and comparable calculation of the cost of services.

SETTLEMENT: An irrevocable action that relieves the employer (or the defined benefit scheme) of the primary responsibility for a pension obligation and eliminates significant risks relating to the obligations and the assets used to affect the settlement.

STATEMENT OF ACCOUNTING POLICIES: This explains the basis of the figures in the accounts. The accounts can only be properly appreciated if the policies that have been followed in dealing with material items are explained. Changes in policies from previous years have been clearly shown.

STATEMENT OF RESPONSIBILITIES FOR THE STATEMENT OF ACCOUNTS: This explains the responsibilities of both the Police and Crime Commissioner and Police and Crime Commissioner's Chief Finance Officer in respect of the Statement of Accounts.

TRANSFER VALUES: Payment made by one pension scheme to another in respect of accrued pension rights when a member of a scheme changes pensionable employment.

TREASURY MANAGEMENT POLICY (TMP): This is a policy adopted to manage investments, cash flows, and banking transactions. It governs the control of risks associated with these activities and the pursuit of optimum investment return balanced with security of investment.
