4. Recognition, Referral or Endorsement

In 2023, CURV developed a Night Time Economy (NTE) Action Plan in collaboration with those working and using the NTE. To ensure this voice was included, CURV held a workshop in each local authority area to speak directly with licensed premises. As part of this, premises created a 'wish list' of measures to be delivered in the NTE. Ask for Angela was a safety measure they supported and wanted to see more training and awareness around. Consequently, we continue to support licensed premises with the printing of posters to display in the venues. We do not refer venues, staff or partners to Ask for Angela CIC and/or Six Till Six Ltd directly, instead reinforcing the Ask for Angela

message. This is also reflected in our communications to the public where we promote the use of Ask for Angela but do not direct or endorse the company to the public.
